REPORT OF THE JOINT LIBRARIANS

ON THE

STATE OF THE LIBRARY OF PARLIAMENT.

To the Honourable the Speaker of the House of Commons:—

The Joint Librarians of Parliament have the honour to report as follows for the year 1888.

It has been deemed advisable to delay the reprinting of the American Catalogue until the work can be performed by the Government Printing Bureau.

The Librarians expect to be able to place the copy in the hands of the printers as soon as they are able to use it. In the meantime the Canadian Section has received valuable additions.

The collection of Original Editions of the *Relations des Jésuites* has been nearly completed; a full series comprises forty volumes, and the Librarians have been able to secure, up to the present time, thirty-six volumes of the series. A complete set of these remarkable annals of our early history is now valued at $2,500.

Among the principal additions which come under the general title of Americana, the Librarians desire to call attention to:

1st. The Christian Recorder, 2 volumes, published at York (Toronto) in 1819–20, one of the earliest prints of Upper Canada and one of the rarest.

2nd. A series of letters addressed by the late L. J. Papineau, during the years 1824–25 and 1826, to J. Neilson and members of the British House of Commons.

3rd. "Les Voyages de Champlain," 1613.

4th. Herrera's "Description des Indes Occidentales." (*Amsterdam*, 1622.)

5th. De Champigny's "La Louisiane Ensanglantée" (*Londres*, Fleury Mesplet, 1773.)

6th. "History of Massachusetts Bay, 4 volumes, 1628 to 1774; one of the most complete collections of papers on the history of the early settlement of Massachusetts.

Since last session, further additions have been made to the section devoted to United States Congressional documents; this section is approaching completion. In consequence of the publicity and interest attaching to several questions of the day, such as the proposal for the admission of Newfoundland to the Dominion; the Fisheries question; the Retaliation policy of the United States; the Reciprocity question; the Copyright Bill, &c., an effort has been made in the Annual Supplementary Catalogue to supply members with a list of all books, documents and articles referring to such questions.

The debates of Congress on the Fisheries Treaty and on the Retaliation Message, have been specially arranged and bound for library use.

A special collection of all the American documents on the Fisheries Question, has been made from 1776 to the present date. The catalogue for the year contains the contents of these volumes. Copies of all the recent publications of the United States on this subject have been provided, in number sufficient to satisfy the reasonable demands of members.

Attention has been given to the collection of Statistical Works and books on Political Economy, and the contents of Economical Works of various kinds, including some periodicals, have been printed for the assistance of members.

Among the donations which the Librarians have to acknowledge is a collection of pamphlets on the subject of Education, presented by the Honorable the Minister of Education of Ontario, and by J. G. Hodgins, E-q., LL.D., his deputy.

The Library has also been enriched by the presentation, by His Holiness Pope Leo XIII, through His Eminence the Cardinal Archbishop of Westminster, of a copy in bronze of the medal presented by the Sacred Congregation of Cardinals to His Holiness on the occasion of his Sacerdotal Jubilee.

All of which is respectfully submitted.

A. D. DeCELLES, G.L.
MARTIN J. GRIFFIN, P.L.

REPORT OF SIMEON JONES, ESQ.,

COMMISSIONER TO SOUTH AMERICA.

OTTAWA, 20th August, 1888.

To the Honorable
GEORGE E. FOSTER,
Finance Minister of the Dominion of Canada.

SIR,—I have the honor to report to you that in the month of January last I received directions from His Excellency the Governor General in Council to visit South America as a Commissioner on behalf of the Dominion Government for the purpose of making enquiries and reporting to the Government as to the trade requirements and capabilities of the South American countries, and the best means of extending and developing their trade relations with Canada, having especial reference to the Argentine Republic and Uruguay. I also received special instructions to visit Toronto, Montreal, Hamilton and Quebec, before proceeding to South America, for the purpose of consulting with the members of the Boards of Trade in those places, so that I might obtain their views as to the nature of the trade which might be carried on between Canada and South America, and might hear any suggestions they might deem it advisable to make in the matter. I was then to proceed to the Argentine Republic and begin my enquiries there, and after finishing my investigations there to proceed to Uruguay and make enquiries as to the trade requirements of that country, with a view of obtaining for the Government of Canada such full and reliable information as would put them in a position to be able to judge intelligently as to the best course to be adopted for the purpose of developing trade with those and such other countries as I might visit. I was also instructed to report to you as fully as possible as to the nature, class and amount of goods exported from and imported into such countries; the quality of goods most in demand and the prices of the same; the rates of duties and other charges imposed thereon, having especial reference to the products of Canada, such as the products of the forests and mines, as well as fish, coal, and goods manufactured in Canada, which are in demand in South America, and in which, in my opinion, a trade might be developed; and also as to the present means of communication, by steamer and otherwise, between the countries I might visit and other countries, giving the fullest possible details as to the existing lines, their names, ports of departure, destination and ports touched at *en route*, the distances as compared with lines to Canada, the tonnage and carrying capacity of the vessels engaged, the nature of the cargoes carried, rates of freight, port charges, &c., so as to afford all possible information relating to the trade and means of communication with the countries I might visit; including as well any other matters which I might consider of interest to the Government and beneficial to the trade of Canada. In connection with these instructions it was suggested to me that I should interview, as far as possible, the members of the governments of the countries I might visit, the leading merchants, exporters, importers, citizens and public men, and in such interviews I should endeavor not only to obtain from them the information I might require, but should also bring to their notice the advantages Canada offers for reciprocal trade, and should also make enquiries as to whether the governments of the countries I might visit would be willing to aid, by subsidy or otherwise, in the establishment of a line or lines of steamers to Canada, or whether any concessions of duties or otherwise would be made in order to facilitate trade with Canada. These instructions and suggestions were accompanied by an intimation that the Government would be pleased to receive from me any suggestions I might think advisable to make in case of the establishment of a line of steamers to Canada, as to the tonnage of the vessels to be employed

in such a line, the ports at which they should touch, their speed, frequency of trips, &c, &c., and that I should not consider myself wholly bound within the lines of such instructions, suggestions and intimations, but should generally examine, enquire into, and report upon, all trade matters of the countries I might visit, so far as the same would be of interest to the Government or might affect Canadian trade and commerce.

I have the honor to report that I at once entered upon the discharge of the important duties committed to me by the instructions, &c., above referred to, and that before leaving Canada I visited the cities of Ottawa, Toronto, Hamilton, Montreal, Quebec and Halifax, and met and conversed with members of the Boards of Trade and many of the principal merchants and manufacturers of those cities, and also conferred with the Board of Trade and a large number of the merchants and manufacturers of St. John on the subjects referred to in my instructions, and obtained in this way all the information I possibly could bearing upon Canadian trade, with special reference to its development with the countries I have visited, which information I found of great service to me in the prosecution of the work of my visit.

I left Halifax on the nineteenth day of February last and proceeded to England where I obtained from the Marquis of Salisbury letters of introduction to the Ministers resident in London of the Argentine Republic and the Republic of Uruguay, and of the Empire of Brazil as well, from whom I obtained letters of introduction to the Foreign Ministers of those countries.

Upon obtaining these letters I immediately sailed from England, leaving Southampton on the ninth of March, and arriving at Buenos Ayres on the eighth day of April last.

BUENOS AYRES AND THE ARGENTINE REPUBLIC.

Buenos Ayres contains about 450,000 inhabitants, and is one of the busiest cities I have ever seen in proportion to its population. Its internal and foreign trade are immense. Its inhabitants have increased at the rate of 50,000 per year during the last four years, and there seems no practical limits to a steady growth in that direction for a great many years to come.

During the year 1887, permits were taken out for the erection of upwards of seven hundred buildings. I saw upwards of 1,200 ships and vessels lying at one time in the Barracas, a harbour of Buenos Ayres, and this number I learned was a fair average one of the vessels and ships that at one time would be loading or unloading in this port, and this was in addition to the mail steamers which lie outside and do not go into the Barracas. Buenos Ayres has the finest and most extensive system of street railways in proportion to its size of any city in America. They run to all parts of the city and in every direction.

The population of the Argentine Republic is about 4,500,000, and consists of about two-thirds native persons and one-third Italians, Spaniards, French, English, Germans, Swiss and other nationalities difficult to enumerate.

The Argentine Republic extends over 35 degrees of latitude and 20 of longitude. It is bounded on the west by Chili, on the north-west by Bolivia, on the north by Bolivia and Paraguay, on the east by Brazil, Uruguay and the Atlantic Ocean, and on the south by Chili and the Atlantic and Pacific Oceans.

The immigration into the Republic is about 120,000 persons per year, and, beyond question, will continue in increasing proportions. The Government of Argentina is now making a strong effort to obtain immigrants from the north of Europe; the larger number of immigrants hitherto having been from Italy, and whilst these latter persons are industrious, frugal and reliable as workers, a large number of them do not identify themselves with the country, but seek to, and do, return home as soon as they make a few thousands of dollars, thereby enabling them to live comfortably in their own country.

The Republic of Argentina covers about 1,212,600 square miles, or an area equal to that of Great Britain, Ireland, Germany, Austria, France, Italy and Spain together. The greater part of this country is an immense plain. This plain includes in the south the region of the Pampas and in the north the larger portion is a vast tract, called the *Gran Chaco*, a succession of grassy plains of the highest natural fertility. It possesses a larger quantity of good land in proportion to its size than does any other country I have ever visited and of which I have any knowledge. It is largely a prairie country similar to the Canadian North-West, and this alluvial plain or prairie extends for upwards of two thousand miles back into the country from Buenos Ayres. The land consists of about two feet of black mould on a substratum of clay and is fertile beyond anything that has ever come under my observation. In a large part of the country they can take two crops a year from the land and farming, stock raising, wool growing and meat producing is the principal business of the Republic. The number of sheep owned in the Republic is about 100,000,000, and this number vast as it is will go on increasing. Upwards of 35,000,000 acres of land are occupied as sheep farms. There are more than 30,000,000 head of cattle in the country, with upwards of 5,000,000 horses.

By the kindness of Mr. Pierson I was enabled to spend a few days on his estancia, called "Tatay," which gave me a chance of seeing farming life in Argentina. "Tatay" contains 26,000 acres of land, 500 of which are under cultivation. The garden consists of 8 acres, in which fruits of all kinds grow. The stock comprises 47,000 sheep, 12,000 lambs, 450 horses, 4,000 head of cattle, and 3,000 pigs. "Tatay" though a very beautiful estancia is by no means one of the largest. Another estancia I knew of had 85,000 sheep.

From these figures some idea may be had of the vast pastoral industry of the country. There are about 4,000 miles of railway in the Republic, and the lines are constantly being increased. The Government is very progressive, and is leading the people along a course of public improvements that have given and yet promise great results in opening up the country and giving an opportunity to carry on at the greatest advantage the agricultural business of the people. Where such immense agricultural operations are carried on the amount of material sent out of the Republic must be very large, and I will now proceed to describe the foreign trade of the country.

The goods, the product of other countries and such as Canada could supply, most in demand in the Republic, are lumber, coal, cheese, agricultural implements, cotton goods, woollens, horse nails, nails and tacks, spikes, shovels and spades, harrows, ploughs, picks and forks for agricultural purposes; and many other things that Canada could produce could be sold there after the trade has been fairly opened up.

LUMBER.

Beyond question the great staple article that Canada could export to Argentina and Uruguay is lumber. Of this article the Argentines imported in 1886 to the extent

of about 212,000,000 superficial feet. Of this quantity Canada only supplied about 34,000,000 superficial feet, whereas if this trade were cultivated by Canadians to the extent of their capacity to do so, a very much larger portion of the business could be done by this country, as a large amount of the spruce and pine lumber shipped from the United States to Argentina was first purchased in Canada, shipped thence to the United States, and there re-shipped to ports in the Argentine Republic. Of the lumber sent to Argentina in 1887 from Canada, nearly the whole of it was sent from ports on the St. Lawrence, New Brunswick and Nova Scotia sending very little, although they are so situated and supplied with the raw material as to be able to participate in this trade to a very much larger extent than they now do, if the business was carried on as I think it should be.

I here give a table showing the shipments from the Quebec ports for the year 1887 and for each year in condensed form, for the years 1870 to 1886 inclusive.

One of the reasons why Canada has not participated in the Argentine lumber business as largely as it has been capable of doing, is that lumber intended for the markets of the Republic requires to be procured and prepared for those markets from the stump until finally shipped. A marked peculiarity of the Argentine people is that they adhere with great tenacity of purpose to any ideas they now have, and if they are accustomed to an article of any given character or dimensions, they are unwilling to purchase goods of a different character or dimensions, although the latter articles might suit their purposes just as well as the former. They will not, as a rule, purchase a promiscuously cut cargo, but require the lumber of particular dimensions; for example, they use scantling 2 by 3, 3 by 3, 3 by 4, 3 by 5, 3 by 6, 3 by 9, and 4 by 4 inches, and from 18 to 40 feet long. Boards 1 inch by 12, 1½ by 12 and 2 by 12 inches, and from 12 to 16 feet long; second, 1 by 6, 16 feet long; 1 by 5, 1 by 4, and 1 by 3 inches, and 16 feet in length. For the information of persons in or desiring to go into this business, I here give what may be called an average bill of lumber required in these markets, with a *pro forma* account of sales of a cargo of such lumber. I also furnish a statement of the present retail prices of spruce and pine lumber.

Wharfage on a vessel of 300 tons register would be: first 100 tons $2; remaining 200 tons, $2 or $4 per day; 20 days, $80.
Port dues, 30 cents per ton, $90.
Special care must be given to have documents in order. Bill of lading and specification must agree, and the specification must be very full; every different length or width specified; and deck load and under deck load must be stated separately in bill of lading and specification.
Let it be thoroughly understood that only a good article is wanted here. It is no use sending a poor article when it pays the same charges as a good one.

By an examination of these bills, amounts and statements it can at once be seen what can be done in these markets in the matter of lumber.

I am of the opinion that it would be better for the Canadian lumber merchants to cultivate the lumber business with the South American Republics to a very much larger extent than they have done, and not rely so largely as they have been doing upon the markets of Europe. In these Republics, the demand for Canadian lumber is very large, and now that the Governments have become established and instead of war, peace and progress indicate the normal state of these countries, the demand for lumber that we can supply will go on steadily increasing, and we could more beneficially trade in steady and growing markets than we could in those that are substantially over-supplied by reason of their proximity to the lumber lands of Northern Europe.

More beneficial results will thus accrue to us than we will receive if our people, engaged in this business, continue to force their goods into markets that are nearer the base of supply than they are to the lumber lands of Canada.

COAL.

The second article of large importance that the Maritime Provinces of Canada can supply to Argentina, Uruguay and the other countries of South America, including the great Empire of Brazil, now rapidly becoming a progressive country, is coal. At present South America substantially gets all its coal from Great Britain, and the mines of that country are becoming so heavily taxed to supply the demand of the world, that there is difficulty in meeting all the requirements made upon them. At Sydney, Spring Hill, the Joggins and Cape Breton, coal can be put on board ships cheaper than can be done in England; and upon investigation I found that coal could be carried from the mines in these places to South American ports at a rate of freight cheaper than could be had from British ports, to the ports of South America.

The course of the coal trade in South America is indicated by the following table:—

Imports of coal into Buenos Ayres in the following years were as follows:—

	Tons.
In 1884	257,327
1885	275,457
1886	289,643
1887	525,718

By this it will be seen that the import of coal into Buenos Ayres more than doubled in four years.

The imports of coal into Monte Video in three of the same years were as follows:—

	Tons.
In 1884	199,052
1885	217,041
1886	174,049

In Mount Video the imports of coal from this time forth will largely increase, as that country is just awakening to the greatness of its resources and preparing to develop them.

In 1885 there was imported into Rio, in Brazil, 242,828 tons of coal, and in 1886, 210,524 tons. Brazil requires a large amount of coal and the trade in this article with that country will be reliable and steady.

CHEESE.

The production of cheese by the Canadian farmers has become so large that they have not only been able to supply their own markets but have exported very large quantities of this article to Great Britain, and Great Britain in turn sends large quantities of cheese to South America, and I have no doubt whatever that we could send cheese direct to South America and find a steady and remunerative price for the same. In Argentina, Brazil and Uruguay, the conditions of life are so easy and stock raising so readily accomplished and the profits therefrom so large, that the people of these countries have not as yet gone to any great extent into the production of cheese and butter, but largely get their supply of these articles from abroad. Cheese to the value of $628,740 was imported into Buenos Ayres in 1886.

I obtained from a reliable source the retail prices of the ordinary articles for family use in Buenos Ayres which I here give. By this it will be seen that living there is far more expensive than it is here, and the price of cheese is so much above the Canadian rate as to cause one to wonder, but money is so plentiful there that people seem able to purchase whatever they desire, notwithstanding the greatness of the cost.

AGRICULTURAL IMPLEMENTS.

At present the United States largely supplies to South America the agricultural implements that these countries require. I see no reason why Canadian manufacturers of these articles could not successfully compete with the United States in the production of these goods. The demand for this class of merchandise in South America will go on increasing. The manufacturers in the United States have now

their travellers in almost every part of the Republics of Argentina and Uruguay and the Empire of Brazil, pressing the sale of agricultural implements, machinery and nearly every kind of merchandise. I found that one Canadian company, engaged in the manufacture of agricultural implements, had established an agency in Buenos Ayres and were introducing their goods with every reasonable prospect of doing a successful business, and from my knowledge of the capability of Canadian manufacturers to supply these goods as cheap and as well fitted for the purposes intended, I am of the opinion that all the Canadian manufacturer in this line requires are the necessary facilities to place his goods in the South American markets and then it will be seen that he can compete successfully with the manufacturers of these articles in the United States.

COTTON GOODS.

From the investigations I made in reference to the business in cotton goods in South America, I have come to the conclusion that a regular and profitable business could not be done between Canada and these countries except as follows:—The surplus product of Canadian mills could be sold in South America at rates that would secure the manufacturer against loss, but, as a rule, the cotton goods manufactured here are of too heavy a character for the South America market. A thinner and lighter article than is customarily manufactured in Canada could be produced here and find a ready sale in Argentina, Uruguay and Brazil, and with regular steam communication and resident agents in the South American countries there is no doubt but that a business could be created that would leave a profit to the manufacturer, and any way, for many years to come, the surplus stock of Canada would find a market in South America in such a way and at such a rate that it would prove more advantageous to the manufacturers of cotton in Canada to keep their mills going all the time than occasionally to shut down to prevent over-production.

Since my return to Canada I have consulted a leading cotton manufacturer upon this subject and he assures me that he not only can, but he actually will, go into the manufacture of this class of thin light cottons for the markets to which I am now referring, as soon as regular communication between those places and Canada shall be opened up. Before, however, any person manufactures cotton for Argentina, Uruguay or Brazil, he should get from a reliable firm or individual in Buenos Ayres, Monte Video or Rio, the necessary samples, with prices of cottons most in demand there.

At the end of this report I will give the names of a number of such firms and persons, who can be so relied upon, and I was assured while in those cities that they would be glad to give to any Canadian full information upon the subject now immediately under consideration.

WOOLLEN GOODS.

In the use of woollen goods I found that the people of Argentina, Uruguay and Brazil largely use articles at the two extreme points of production. The goods are either of the highest class and the most expensive character, or of the cheaper kind, and the less expensive class of woollen goods is by far the most in use, and inasmuch as wool is admitted into Canada free and pays a heavy duty in the United States, I think a business of considerable proportions could be done in Canada in manufacturing wool imported from Argentina and Uruguay into cheaper forms of tweed and other articles and then supplied to those countries. Regular communication with return cargoes would largely develop the business, as it would many others between Canada and South America.

HORSE NAILS, NAILS, TACKS, &c.

These articles can be produced in Canada at a rate of cost that will admit of their exportation to South America in large quantities, and as evidence of what may

be done by the necessary investigation and obtaining the requisite information, I may say that I noticed, while in Buenos Ayres, that they use horse nails of a different kind from those used in Canada. I brought a few of them with me and gave them to a manufacturer here. He at once manufactured a sample, similar to the ones I gave him, forwarded the sample to a New York house engaged in the Argentine trade, and the result has been that he received an order for several tons of these nails to go to Buenos Ayres, with an intimation that additional large orders for similar goods would follow.

The South American countries import all their iron goods and I am certain, from the observations made by me while in South America, that if a drawback be given to the iron manufacturers in Canada on all goods manufactured in Canada, and exported to South America from this country, so as to place the manufacturer here in as good a position in this particular as is held by his European and United States competitor, a large and continually increasing business can be done in the manufacture in Canada of the class of iron goods hereinbefore referred to, and the exportation of the same to the South American countries.

DUTIES AND PORT CHARGES IN ARGENTINA.

The tendency of the Government of Argentina is towards a policy of protection and the duty has recently been increased upon many articles. These duties will of course be paid by the consumer more or less until the article so protected is manufactured in the country in quantity sufficient to meet the demand, when it will largely have to be paid by the producer of the article so imported, but as yet and for many years to come the imports of manufactured goods into Argentina will be increasingly large.

The following is a list of manufactories at present existing in Buenos Ayres:—

All kinds of produce and manufactures are free of export duty with the exception of the following which pay on their value as follows:—

A duty of 4 per cent. on greasy or washed wool, game, skins, greasy or washed sheep skins, and ostrich feathers;

A duty of 3 per cent. on animal oil, home spun, ash, horsehair, furriers' waste, grease, tallow, bones and skin, not specified in the former article.

The following are the port charges in Buenos Ayres:—

Mole dues. Two cents per day for every 100 tons register up to 100 tons and 1 cent for the excess. Thus a ship of 560 tons for 20 days would pay $132. This charge is payable either by captain or consignee according to the charter-party. It should be by the latter, but captains who do not know the customs of the port are sometimes taken in and have to pay it.

Light dues. Seven cents for each ton register; *i. e.*, 3½ cents entering and 3½ cents going out. Vessels entering or leaving in ballast pay half rates.

Sanitary dues. Two cents per ton register. Vessels from infected ports or without bill of health pay double. Vessels in ballast or without passengers pay half.

Riachuelo Port dues (Boca). Vessels entering the Riachuelo loaded pay the following:—From 100 to 150 tons, 15 cents per ton register; from 150 tons and upwards, 30 cents per ton register; steamers or ships in ballast pay half.

The storage charges at Buenos Ayres are according to the following scale:—

NOTE.—All duties and charges are in paper money.

REVENUE OF ARGENTINA.

The revenue of the Argentine Republic for 1886 was the sum of $46,615,000, and there was a surplus of $139,000.

MEANS OF COMMUNICATION BETWEEN CANADA AND SOUTH AMERICA.

At the present time the only direct means of communication between Canada and the South American nations is by sailing vessels, and these do not make voyages at stated periods. The steamers plying between Great Britain and the rest of Europe and the countries in South America are very numerous and of good size, and well adapted to the business, so far as speed and safety are concerned.

The following tables show the number of sailing vessels and steamers that, in 1885, went to the Argentine Republic, and the number that left the ports of that country for other places abroad during the same year:—

Upon examination of this table it will be seen that in the year 1885 not even one steamer left Canada for the Argentine Republic, and whilst 33 sailing vessels went thither from this country, only two made voyages hither in return, which proves that the interchange of commerce between the two countries is very small indeed. Nor did this state of things improve during the year 1886, for whilst in this last mentioned year 74 sailing vessels cleared from Canadian ports for the Argentine Republic only nineteen vessels cleared from the last mentioned country for Canada, every one of which came in ballast, and the trade will remain in this exceedingly unsatisfactory state until regular lines of steamers take the trade that requires to be done regularly. Merchants either in Canada or in South America who deal in manufactured goods require to know at the time they order them when and how they can receive their goods and to send goods forward for sale in many instances would only be to sacrifice them. It will also be further seen, by reference to the table, that, in 1885, 344 sailing vessels left the United States for the Argentine Republic and 211 returned or made voyages to the United States from Argentina, and in the same year while the number of steamers from the United States to Argentina was 5, the return voyages by steamers were 14. The steamship business between Argentina and the United States is not of a regular character and is managed, so far as it exists, not by persons in the United States, but largely by an English firm which at present manages and controls 80 steamers, and now that the United States Congress has granted a large sum of money to the Government to develop trade between that country and South America doubtless by next year a subsidy will be given to a line of steamers between the United States and Buenos Ayres, and a regular and steady commerce between the United States and Buenos Ayres will be opened up and sustained.

There are seven regular lines of steamers between Great Britain and Buenos Ayres, three between Italy and Buenos Ayres, two between Germany and that place and five between France and the port of Buenos Ayres. The steamers of these lines run with great regularity, and nearly all of them call at Pernambuco, Bahia and Rio de Janeiro, and at Santos in Brazil, and at Monte Video in Uruguay, on the way to Buenos Ayres, and at the same places on the return voyages, so that all these places have regular and frequent means of communication among themselves and with Europe. It is only when we turn to North America that the great blank in trade communication appears so prominent as to astonish one that the United States and Canada have allowed the merchants of Europe to outstrip them so far in the

race for a successful participation in the rich and growing commerce of the southern portion of this great continent.

The distance from Great Britain to Pernambuco is about 4,700 miles, from Pernambuco to Rio about 1,300 miles, from Rio to Monte Video about 1,120 miles, and from Monte Video to Buenos Ayres about 110 miles, making in all a distance of 7,230 miles from Great Britain to Buenos Ayres, whilst from Canada to Buenos Ayres the distance is about 6,730 miles.

The names of the steamship lines running steamers regularly between Great Britain and the River Plate are as follows:—

The Royal Mail Line,
The Pacific Mail Line,
The Lampert and Holt Line,
The Clyde Line,
Messrs. Gellatly, Hankey, Sewell & Co.'s Line,
The Allan Line, and
Messrs. Holder Bros. & Co.'s Line.

The British steamers belonging to these lines depart substantially from Liverpool, London and Southampton, and nearly all the English steamers call at Vigo, in Spain, and Lisbon, in Portugal, in going to and coming from South America.

To give the names and tonnage of the steamships engaged in the trade between Europe and the River Plate would unduly swell the bulk of this report, and I shall therefore upon this point express myself in generalities.

The number of steamers arriving at the River Plate per year and departing from the same is about 600. The tonnage ranges from 1,000 tons net to 4,000 net, the largest number being between 1,000 tons and 2,500 tons net each. There are not many of these steamers above 2,500 tons net, and scarcely any of them below 1,000 tons net.

It will, therefore, be seen that there are nearly two steamers a day for every working day in the year leaving Europe for the Argentine Republic, and the same number leaving the Republic for Europe, engaged in handling an enormous commerce between the continent of Europe and the British Islands and South America, and such is the tremendous energy displayed and put forth by the Republic of Argentina, with less than 5,000,000 of population, to enter into the commerce of the world and press its trade with foreign countries, and develop its internal resources, and bring within its borders a portion of the people of other countries, as well as to increase its population and the products of the soil of the great country under its control, that it is not satisfied with this comparatively vast amount of steamship accommodation, but it has lately taken steps to establish a line of steamers between northern Europe and Buenos Ayres, and between Buenos Ayres and the United States as well.

CONTRACT FOR STEAMSHIP SUBSIDY.

For the information of the Canadian Government, and because the Minister of Foreign Affairs for the Argentine Republic intimated to me that, in the event of the Governments of Argentina and Canada agreeing to subsidize a line of steamers between the River Plate and Canada, that such subsidy, so far as the Government of the Republic is concerned, would be granted somewhat on the terms of the contract hereinafter set forth, except that instead of the aid being a guarantee on capital it would be in the form of a yearly subsidy, I here supply for the use of the Canadian Government a copy of such contract, which, when given me, was in Spanish, and which I have had translated into English, with as much accuracy as I possibly could.

The following are the bases of the contract entered into by the Argentine Government and Robert Patterson Houston for direct navigation between the ports of the north of Europe and those of the Argentine Republic:—

Law No. 2,252 *of* 24*th November*, 1887.

1. The government lends the guarantee of five per cent. annually up to the amount of £1,250,000 stg. for the construction of ten steamers of at least 4,000 tons burden each, destined to the direct navigation from the north of Europe to ports of the Republic and for the construction of four steam launches destined for the landing up rivers of the emigrants and cargo which the steamers may bring.

2. The executive power may determine the nationality of the emigrants who shall be carried by these steamers.

3. The postal service must be gratuitous.

4. In case of war the government will have the right to occupy these steamers as transports, under the conditions that will be stipulated in the contract. Should they be destined for cruisers or vessels of war the government will pay the cost that they may be valued at but which is not to exceed the original cost.

5. On board of each vessel the government can have as many as eight cadets for their practice, education to the sea.

6. When the net proceeds of the company exceed 5 per cent. it will re-imburse the government with the sums that it may have received in the name of guarantee. In the case of the profits of the company arriving at 10 per cent, the excess shall be divided between the government and shareholders.

7. In the construction of the vessels arrangement must be made to reduce the accommodation of first and second class passengers in order to give the most ample space possible to third class passengers or emigrants.

8. The guarantee of 5 per cent. will begin to count in proportion to the vessels that may be constructed and from the day on which they begin their voyages to the Republic, comprehending in this the four steam launches which are to be of light draught and adapted for the navigation of the Parma and Uruguay Rivers.

9. The minimum velocity of the steamers shall be sixteen nautical miles per hour.

10 For the purposes of the guarantee, Houston will present to the Argentine Legation in England where the vessels shall be constructed the vouchers for the cost of each one and should that be considered excessive it will be fixed by arbitors.

11. The term of the guarantee shall be fifteen years, and in no case can this exceed £62,500 annually.

12. The navigation shall be direct between the north of Europe to the ports of the Republic, the steamers not touching anywhere except at Montevideo and the points where it is customary to take coal. On their return voyages they may touch at any port.

13. At least once per week will arrive one of steamers at a port of the Republic.

14. The cargo which the company may bring for the Argentine government will have a rebate of 40 per cent. from that paid by private shippers, excepting coals and iron which will have a rebate of 20 per cent.

15. The company will make cash the expenses which it may judge necessary to establish the current of immigration, employing for this purpose.

16. The prices of the passages for immigrants will be fixed by common accord between the government and the company, the company thereby not renouncing any benefit, or that the Argentine government may possibly accord by those who introduce emigrants into the country.

17. In each one of the steamers running between Europe and the Republic, the company must have a refrigerating chamber which can contain at least 3,000 carcasses of mutton, or its equivalent in beef.

18. The fourteen vessels named shall fly the national flag of the Argentine Republic, and each one shall bear the name of an Argentine Province.

19. The term of the guarantee having expired, the vessels shall continue always under the Argentine flag so long as they navigate to and from the ports of the Republic.

20. In each of the vessels there will be an Argentine doctor, or of other nationality who shall have made good his titles in the Republic. Said doctors shall be named by the government at the request of the company.

21. Fifteen months after the signing of this contract the service of navigation will begin in two years, counting from the same date, all the vessels shall be in service.

22. It is understood that this line of steamers is in addition to that already established between Liverpool and the other ports of the Republic by Mr. Houston, which steamers will continue as at present.

Buenos Ayres, 9th August, 1887.

Basis agreed upon between the executive force and Mr. Robert Paterson Houston, for the establishment of direct navigation between the United States of North America and the ports of the Republic.

Article 1. Mr. Robert Paterson Houston pledges himself to establish a direct line of steamers from the United States to Buenos Ayres, the service of which will commence four or five months after signing the contract with the Argentine government.

Article 2. The service will be performed by three or four steamers of the same class and conditions as those that have been proposed for the navigation from the north of Europe, these having to be constructed within the time fixed for the others, but without refrigerating chambers.

Article 3. Until then the navigation will be made by other steamers that will be provided by Houston, the same being adequate for passengers and cargo.

Article 4. The guarantee of five per cent. will be upon a capital of £360,000 sterling maximum cost of construction of these steamers, and in consequence thereof is not to exceed the sum of £18,000 sterling annually.

The other conditions that have been agreed upon for the navigation from the North of Europe are likewise applicable to this project.

No. 2. The second basis thus :—

Art. 2. The executive power will determine the nationality of the emigrants which shall be conveyed by these ships.

3. In the fourth basis add to the end of the first paragraph the words "in the contract."

4. Again in the fourth basis modify the second paragraph in the following form :—"If required for blockade runners or vessels of war government to pay the assessed value and which must not by any reason exceed the original cost."

5. In the sixth basis insert in the first paragraph these lines :—"Should the net profits exceed five per cent., the excess shall go to pay government for all that it has advanced on the guarantee."

6. Add to the foot of basis eleven the following lines :—"And in no case can this exceed £62,500 sterling annually."

7. The basis 15 in this form :—"The company may undertake at its own cost whatever expenses it may deem necessary to create a current of emigration, employing for this end propagation agents."

8. At the foot of basis 4 add in reference to the basis accorded for the direct navigation with the United States :—"Not exceeding by nevertheless the sum of £18,000 sterling annually."

Art. 4. Let this be communicated to the executive

Let it be fulfilled, published and entered in the National Register.

QUAREZ CELMAN,
N. QUIRNO COSTA.

RATES OF FREIGHT.

The nature of the cargoes carried to and from the Argentine Republic is indicated by the tabular statments of the imports and exports of the country, hereinbefore set forth. The rates of freight to and from the Argentine Republic and Uruguay vary greatly; by the English line from 15s. to 40s. per ton; by the German line from 20 marks to 30 marks per ton; by the French line from 20 to 30 francs per ton, and by the Italian line from 25 to 35 francs per ton.

RECIPROCAL TRADE.

In the interviews that I had with the Foreign Minister of the Argentine Republic, I learned that the Republic had so far treated all countries alike in the matter of trade, but that the policy of the country was to do what it thought was in its best interests so long as justice was done, but whilst I got no expression of opinion from him that it would agree to a reciprocity treaty, I gathered from what he said and from what I learned from other leading public men and merchants of the place, that the Government would do what it thought best to promote trade with other countries and that whilst it has entered upon a course of protection to home industries, it is ready to consider any proposition for the extension of the commerce of the country.

SUBSIDY TO STEAMERS TO SOUTH AMERICA.

In the interview that I had with the Foreign Minister of Argentina the subject of granting a subsidy to a line of steamers to run between Canada and Buenos Ayres was fully discussed and the Minister informed me that he had no doubt but the Argentine Government would grant a subsidy to a line of steamers to run between Canada and the River Plate, equal in amount to that given by the Government of

Canada. And I am of opinion, after making the fullest investigation that I could, that the Government of Canada should, with as little delay as possible, do its part towards the granting of such a subsidy as would lead to the establishment of regular steam communication and connection between Argentina and Canada. So far as lumber and coal are concerned, no doubt a large business could be done in sailing vessels, but if an interchange of manufactured merchandise is to be secured, then quickness and regularity become imperative.

Canada cannot secure a market in South America for its manufactures unless it first attains to regular communication, and as the trade becomes developed it will be found that the amount of lumber and coal that sailing vessels can carry will be greatly increased, as the steamship business will stimulate other branches of trade between the two countries than that carried on by steamers.

Since my return I have enquired into the coal production of Canada, and I find that at the prices at which coal can be put on board ship in Canada, a successful trade in coal can be established between Canada and the countries of South America. In illustration of this point I am able to say that during last year 350 steamers coaled up at Sydney, Cape Breton, which they would not have done, if coal could be had cheaper in Great Britain.

In establishing a line of steamers between Canada and South America, the two great staples of lumber and coal would from the start afford a cargo, and by degrees, I believe, manufactured goods would take the place of these two articles. For the first period of, say, from five to seven years, two steamers might be sufficient for the business. More could of course be added as the trade developed. The steamers should be of about 1,200 tons, net measurement, and capable of steaming 13 knots an hour, with accommodation for about 40 first class passengers. I have made full inquiry into the matter of the cost of running steamers between Canada and the River Plate, and find that the expense of the round trip would be about $12,000 for a steamer of about 1,200 tons.

The subsidy for, say, the first five years, would have to be larger than for the second five years, but after the lapse of ten years a line in my opinion would be self-sustaining. Those steamers should after leaving Canada call at least at one West Indian port, thence proceed to Buenos Ayres, calling at Rio, Monte Video and at other ports on the way to the mouth of the River Plate, and on their return these steamers should call at the same places, with the privilege of calling at any port along the route to and from which they could secure passengers and freight. These steamers could give through bills of lading to and from all ports in Canada and South America and United States ports as well. Each of these steamers could make four trips per year. The travel to and from the Republic is very extensive, the present lines being crowded and their rates very high, and if a line to and from Canada were established a part of this travel would be available to a Canadian line and largely assist in making the steamers self-sustaining, and in the event of the Government, either with or without the assistance of the Republic, subsidizing a line of steamers as is now being referred to, I expect it to develop a large trade, as the South American countries are importing very extensively all descriptions of merchandise, especially those most abundant in the Dominion of Canada, viz., lumber, coal and fish, and our manufacturers of agricultural implements, cottons, &c., would find there a ready market, hitherto practically closed against them for want of a regular and direct communication.

URUGUAY.

Very many of the remarks that I have made about the Republic of Argentina will apply to Uruguay. The two countries are similar in regard to their productions and requirements. The land in Uruguay is unsurpassed in fertility and capacity to produce. It has been said that there is not an acre of unproductive land in the Republic. The country is about the size of England and is capable of sustaining a population of from ten to fifteen millions of people at the least. The country is

beautiful in situation. The population has doubled during the last five years and I see no reason why it should not go on increasing until it amounts to the millions I have stated. The population of Uruguay now amounts to about 500,000 souls. It produces 5,000,000 bushels of grain annually, and has about 7,000,000 cattle, 700,000 horses and 11,000,000 sheep. The Government of Uruguay is aggressive in its policy. In developing the country it has already invested $12,000,000 in railways and is projecting further lines, which will, when finished, cost about $50,000,000 and give the country about 1,500 miles of road. The foreign commerce of the country in 1887 was as follows:—Imports, $23,970,973; exports, $18,671,996. The Government when I visited Monte Video, as I was informed, was arranging for the construction of a harbor at that city, at a cost of about $8,000,000. In fact, everything necessary to press on the development of the country was apparently being done and the people are exceedingly enterprising and progressive, and if the Canadian Government, merchants and manufacturers enter upon the work of opening up trade with Argentina, they will find these enterprising neighbors of that Republic amongst their best customers, as vessels to and from Buenos Ayres can call at Monte Video without going out of their way.

The duties and port charges of Uruguay are substantially as follows:—

BRAZIL.

I arrived in Brazil on the outward voyage from Europe on the 29th day of March last on my way to Buenos Ayres, and I again went to Rio on the 21st day of May. Whilst in Brazil I made full enquiry into all matters of trade between that country and Europe and America. Many of the remarks that I have made about the business with the Argentine Republic and Uruguay will apply to Brazil. Steamers plying between Canada and the River Plate would call at Brazil, as the principal ports of that country would lie in their way. The principal exports from Brazil are coffee, raw sugar, cotton and tobacco; and return cargoes in coffee, cotton and sugar could be had by steamers returning from the Argentine Republic to Canada. The Brazilians require large quantities of fish, but the duty is very heavy, in fact the rate of duties on goods imported into Brazil is very high, ranging from 40 per cent. to upwards of 100 per cent. The tariff is not levied upon the principle of protection to home industries, but simply to raise money, and the requirements of the country for money are so large that the leading point observed in arranging the tariff is to get as much revenue as possible. I received the information that the Government of Brazil would not aid in giving a subsidy to a line of Canadian steamers. I was not able to ascertain if reciprocal trade relations, covering fish and other natural products of Canada, could be had, but from the information I did get I came to the conclusion that reciprocal trade relations with Brazil could not be secured, as they have heavy export duties on the articles that Canada would take from that country. They, however, require the fish that can be sent them from the Maritime Provinces, and it may be that after a further consideration by the Government of Brazil in the matter of fish from Canada that they will admit this article free of duty, upon consideration that we admit certain leading Brazilian products upon similar terms. At a first glance at the subject it might appear that the export duties would so increase the cost of Brazilian products that buyers could do little in purchasing coffee, cotton and sugar in their markets, but I found on investigation that those duties are paid by the Brazilian people, as this class of goods was no higher in price in the markets of Brazil than was similar merchandise in other places. I am clearly of opinion that, if a line of steamers be established between Canada and the River Plate, cargoes to Canada from Brazil can be had whenever the same may be required. The exports from Rio in the year ending in June, 1887, were about the value of $55,000,000. The imports of the same place during the same time amounted in value to about the sum of $51,000,000, and with the exception of agricultural implements the imports into Brazil are similar to those going into the Argentine Republic and Uruguay, save this, that they do not proportionately import as much lumber as do the Argentines and the people of Uruguay, and although Brazil exports raw cotton the import of manufactured cotton is very large and they import largely in the line of woollen goods as well. Trade between Canada and Brazil needs only to be cultivated to gain proportionately large dimensions, but Canadians, and to a great extent the people of the United States as well, have allowed the foreign commerce of Brazil to pass into or remain in the hands of the merchants and manufacturers of Europe, for although the United States are large purchasers of coffee in Brazil they have not as yet supplied the Brazilian markets, except to a very limited extent, with North American products. What I have said about Rio will apply proportionately to the other ports of that country. The foreign trade of Rio, as will be seen by the figures given above is more than $100,000,000 per year. This fact should attract the attention of the Canadian merchants and manufacturers and lead them to make an earnest effort for a participation therein to a very much greater extent than they have done in the past.

RECEPTION IN BUENOS AYRES.

I found upon my arrival in the city of Buenos Ayres that the public men, merchants and others of that place very highly appreciated the fact that Canada had

sent a commissioner to that country for the purposes covered by my instructions, and I was very warmly welcomed by leading men in all the chief walks of life. Many gentlemen went out of their way to express to me the warmth of their feelings of appreciation of the courtesy of the Canadian Government in sending a commissioner to the Republic to endeavor to extend trade between the two countries. The "Globo," one of the principal papers of the Republic, thus referred to my mission, &c.:—

"Mr. S. Jones, special commissioner for the Government of Canada, arrived in town yesterday. He comes as we have already announced, to study and report to his government on the commercial and economical state of our Republic. Her British Majesty's chargé d'affaires, Mr. Jenner, presented the Canadian Envoy to His Excellency the Minister of Foreign Affairs, where he presented his letters of recommendation from our Minister in London; also from the Marquis of Salisbury. Dr. Costa received him warmly and presented him to Senor Agote, President of the National Public Credit Department; to Dr Sastre, President of the National Bank, and to Dr Legarreta, President of the Chamber of Commerce, and several others. Mr Jones expressed himself deeply grateful for the attentions received from these and many other leading gentlemen, not doubting that he will thus be enabled to realize the object of his important mission, each and all of them having freely promised him their cordial co-operation. The "Globo" salutes this distinguishd foreigner and predicts for him a pleasant stay in our country, and the best result for his mission of friendship and progress."

Nor was this expression of good will on the part of the "Globo" any exception to the uniformly declared welcome and desire for success extended to me by the press of the city of Buenos Ayres in reference to the objects I had in view. There are twenty-three daily newspapers published in that city, two of which are printed in English, one in French, one in Italian, one in German and the remainder in the Spanish language, and they seemed to vie with each other in expressing their desire for the success of my mission. The press of the Argentine Republic is in a very advanced state. It seems to feel the impulse of the great wealth of the country and leads the people, not only in the matter of news and general intelligence, but takes a very advanced position in supporting the Government in the progressive attitude it has assumed in developing the resources of the country. I should like to mention the names of the gentlemen of Buenos Ayres who extended to me acts of kindness and furnished me information with regard to the objects of my visit, but they were so numerous that to mention them all would simply be to give a list of names, and to select a few would be invidious. I therefore must confine myself to a general expression of thanks to the different gentlemen above referred to.

Mr. Turner, the Acting British Consul at Buenos Ayres, and Mr. Jenner, Her Majesty's Chargé d'Affaires at Buenos Ayres, both entered warmly into the matter of forwarding the interests of my mission, and did everything in their power to make my visit successful.

RECEPTION IN URUGUAY.

On my arrival in Monte Video I was introduced by the British Minister to Dr. Lagos, Foreign Minister for Uruguay, who in turn introduced me to the President of the Republic, His Excellency Maximo Santos, by whom I was most cordially received. He placed a steamer at my disposal during my stay in the country, and did everything he could to forward my work. He is a very liberal minded statesman, and a bold and independent leader, and seems to have only in view the elevation, progress and development of his country. When he came into power Uruguay was in a very depressed state, as the Republic had been devastated by war and nearly destroyed by dissensions and want of purpose on the part of the people, but he, with the aid of a most accomplished Ministry, has led the country to a very high state of prosperity, which seemed indicative of yet higher altitudes in national growth and success.

The press of Monte Video is in no way behind that of Buenos Ayres in its intellectual and progressive status. There is one paper published in Monte Video in the English language, and edited by Mr. Melville Hord, called the "Express." Almost immediately on my arrival he called upon me and extended to me a hospitable and courteous welcome, and during my stay in Uruguay did what he could to enable me

successfully to carry on my mission. The remainder of the press of Monte Video also did everything they possibly could to forward my interests as a representative of the Canadian Government.

BUSINESS FIRMS, &c.

Appended hereto is a list of the names of firms and merchants doing business either in Buenos Ayres, Monte Video or Rio de Janeiro, who are reliable to the fullest extent and to whom Canadian business can be safely entrusted and from whom Canadian manufacturers and merchants can obtain all kinds of mercantile intelligence, and from nearly all of whom I received the most spontaneous intimations that they would gladly furnish Canadian merchants and manufacturers with any information upon the subject of South American trade within their power to give. I also in the appendix give the names, amount of capital and circulation of the banks of Buenos Ayres.

CONCLUDING REMARKS.

I am deeply impressed with the idea that if an attempt be made (and I think it should be made) to develop trade between Canada and South America, the Dominion should have at least one representative there, whose duty it should be to study the trade of the South American countries and report at least once a year to the Canadian Government as to the state, tendency and probable volume of business and other things connected therewith, in order that the merchants and manufacturers of Canada might have continually before them the requisite information to deal intelligently with all trade questions between the Dominion and South America. This duty is now performed by the British Consuls in South America for the people of Great Britain, and it has been a great factor in enabling British merchants and manufacturers to take the advanced position in South American commerce that they now hold. It should be arranged that such representative should not permanently reside in one place, but travel from city to city at different times during each year, reporting as frequently as need be to the Government in this country upon the matters given him in charge, which reports should be given to the public as soon as possible after being submitted to the Governor General in Council.

Trusting that from a mission, upon which I entered with much diffidence and the duties of which I have discharged to the best of my ability, there will arise some good to the Canadian people,

I have the honor to be, Sir,
Your obedient servant,
SIMEON JONES.

PAPERS,

CORRESPONDENCE, &c., respecting Subsidies to certain Railway Companies, and towards the construction of certain Railways.

ST. CÉSAIRE TO ST. PAUL D'ABBOTTSFORD RAILWAY.

(*Translation.*)

To Hon. Sir H. L. LANGEVIN, K.C.M.G., Minister of Public Works, Ottawa.

The undersigned inhabitants of the Township of Granby respectfully represent:

That a railway has been constructed from Montreal to St. Césaire, by the Montreal, Portland and Boston Railway Company;

That the intention of the company was to extend that railway to Granby, but that, through lack of means, they were unable to carry out their intention;

That the proposed railway from Montreal to Granby would afford a most useful means of communication, not only for the undersigned, but also for a considerable portion of the inhabitants of the Eastern Townships;

That, in view of the utility of the said railway, the Government would be justified in affording aid towards its construction:

Wherefore, the undersigned beg you to use your influence to secure the granting by the Dominion Government of a subsidy in aid of the construction of the railway from St. Césaire to Granby.

And will ever pray, &c.

QUEBEC AND MURRAY BAY RAILWAY.

OTTAWA, 1st March, 1889.

SIR,—I have the honor to apply for a subsidy in favor of a railway line to be built from or near the city of Quebec to the village of Murray Bay, in the county of Charlevoix, a distance of about ninety miles, at the rate of $6,000 per mile, said subsidy to be granted to the first company that will undertake to build such a line over the whole above mentioned distance, and first payment to be made only when the line has been completed as far as Rivière du Gouffre, at St. Paul's Bay, a distance of sixty miles from Quebec.

The proposed railway may be considered as an extension of the Canadian Pacific Railway, towards the east, to be continued in the near future as far as the Labrador coast on the Atlantic, the shortest point to Europe by several hundred miles.

From St. Paul's Bay to Murray Bay and Tadousac, good and safe seaports, opened all winter, are numerous.

Colonization in the counties of Montmorency, Charlevoix and Saguenay, would be greatly benefited by the construction of such a railway and the iron mines at St. Urbain, behind St. Paul's Bay, could be worked with advantage.

The country to be crossed by the proposed road contains splendid and numerous water powers, that are only waiting for easier communication with the large centres of the Province to be made use of.

From Quebec the proposed line follows the beautiful shore of the St. Lawrence through the populous and wealthy parishes of Beauport, Ange-Gardien, Chateau Richer, St. Anne de Beaupré, St. Joachim, La Petite Rivière, St. François Xavier, St. Paul's Bay, St. Urbain, St. Hilarion, Les Eboulements, St. Irénée, St. Agnes and Murray Bay in the counties of Montmorency and Charlevoix, the only ones in the Dominion, with the county of Saguenay, that have not received aid for railway purposes, from the Dominion Government, and it would be only an act of justice to grant the subsidy asked for.

The population of the counties above mentioned exceeds fifty thousand inhabitants, who are completely deprived during the winter months of steam communication with the commercial centres of the Province, and the construction of the proposed railway would be the cause of great advancement for colonization in that part of the country.

The difficulty in the construction of the proposed line owing to the mountainous regions which it is intended to open and develop, is the cause of the high subsidy which is applied for in the present petition.

On behalf of the inhabitants of the county which I represent in the Commons of Canada, I submit the above petition, and I trust that the Government will take it into their most favorable consideration.

I have the honor to be, sir, your obedient servant,

SIMON CIMON.

The Honorable the Minister of Railways and Canals.

We, the undersigned, concur in the above petition and strongly recommend it to the Government, knowing as we do the great importance of the construction of the proposed railway and considering that it would only be the continuation of the policy of the Dominion Government in the establishment of the Canadian system of railways.

SOUTH ONTARIO PACIFIC RAILWAY COMPANY.

HAMILTON, 14th March, 1889.

SIR,—I take the liberty in further pursuance of the application of this company, supported by the influential deputation which had the honor of waiting upon yourself and the Government on the 5th inst., to submit a map showing proposed route of that portion of the railway on which we this session seek for a subsidy.

The distance is less than was stated at the interview, being only 81¾ miles, namely:—

	Miles.
From Woodstock to Brantford	26½
Brantford to Hamilton	21
Hamilton to junction with the Credit Valley Railway, near Cooksville	32¼
Total	81¾

I beg leave to urge as reasons why the subsidy should be granted:

1st. That the application is suported by all classes of the community in the cities of Hamilton and Brantford, and by the people generally throughout districts at present unconnected with any railway system but which this railway when built will serve.

2nd. That it has been a recognized principle of the present Administration to encourage the construction of railways for the general advantage of Canada.

3rd. That subsidies have been given for such purposes in other Provinces and in Ontario.

4th. That the western portion of Ontario, say from Woodstock to Chatham, and other districts, have been so assisted, whereas the districts through which this road will pass have never in any way, directly or indirectly, received any assistance from the Dominion Government.

5th. That certain portions of the road can only be built at an enormous and unusual expense.

6th. That in anticipation of receiving Government aid, considerable money has been spent in surveys and work.

7th. That the cities of Hamilton and Brantford and some sections of the country to be served by this railway, while cheerfully paying their share of taxation, consequent on the building of a railway looked upon as a national enterprise, have actually no direct connection with the railway in question, and until such connection is obtained can reap none of the benefits accruing to other portions of Canada from the Government's action, which resulted in the construction of the Canadian Pacific Railway.

8th. That failure to obtain the subsidy this session will delay and possibly imperil the construction of the South Ontario Pacific Railway to the great inconvenience and extreme disappointment of the mercantile, manufacturing and agricultural classes of one of the most important sections of Ontario, whereas the granting of their petition will create a feeling that they have been fairly dealt by, and that no invidious distinction has been made between one portion of the Province and another.

I would respectfully, therefore, beg that a subsidy of $3,200 per mile be granted this session to the South Ontario Pacific Railway Company on that portion of its line extending as above noted from Woodstock *viâ* Brantford and Hamilton to a connection with the Credit Valley Railway near Cooksville, in all 81¾ miles, an amount not to exceed $261,600.

I am, sir, your obedient servant,

T. H. MacPHERSON,

President South Ontario Pacific Railway Company.

Right Hon. Sir JOHN A. MACDONALD, G.C.B.,
Acting Minister of Railways, Ottawa.

KINGSTON, SMITH'S FALLS AND OTTAWA RAILWAY COMPANY.

To the Honorable the Minister of Railways and Canals.

The petition of the Kingston, Smith's Falls and Ottawa Railway Company respectfully shows:—

This company was incorporated by an Act of the Parliament of Canada, chapter 88—passed 1887—to construct a railway of 4 feet 8½ inches gauge from the city of Kingston to the town of Smith's Falls and thence to the city of Ottawa, with power to construct branch lines to the Rideau Canal, and also (by an Act passed during the present Session of said Parliament) to Lanark, in the County of Lanark.

An exploration survey of the line has been made and while some portions involve considerable work, no serious difficulties are met.

The distance from Kingston to Smith's Falls is estimated at 56 miles and thence to Ottawa 39 miles, making a total of 95 miles.

The country for nearly the whole length is a good agricultural country with several important villages at present without railway communication.

The line will give quick intercourse for the whole section to the Kingston and Ottawa local markets.

It will also give direct rail connection to the west over the Grand Trunk Railway from Kingston and to the north, north-west and east, over the main line of the Canadian Pacific Railway from Smith's Falls.

A direct line between the rapidly increasing city of Kingston, with its lake navigation, and the capital of the Dominion, with its lumber and mineral interests and railways centring there, is also deemed to be of the highest importance.

The line of route, as approximately indicated by a map furnished to your department, is through the Townships of Kingston, Storrington, Pittsburgh, Leeds, South Crosby, Bastard and South Elmsby to Smith's Falls, and thence in a straight line as nearly as possible to Ottawa.

It is believed that gradients not to exceed 40 feet to a mile with easy curves can be secured. There would be two important bridges across the Rideau Canal—one within 10 miles of Kingston, and the other near Smith's Falls—these will be of iron. The rails are proposed to be of not less than sixty pounds to the lineal yard. The cost of the line with rolling stock is estimated at $20,000 per mile.

The branch to Lanark is projected from the point nearest to the Narrows on the Rideau Canal between North and South Crosby, to the Narrows, thence through North Burgess to Perth and thence near the boundary between Bathurst and Drummond to Lanark, in the Township of Lanark, involving a total distance of about 30 miles.

The deposits of phosphate in North Burgess, and of red hematite iron ore in Bathurst and the adjoining Township of Dalhousie, are believed to be very important.

The following municipal bonuses have already been granted for the construction of the portion of the line between Kingston and Smith's Falls:—

From the City of Kingston	$150,000
Town of Smith's Falls	25,000
Township of South Elmsby	4,000
Township of South Crosby	10,000
Township of Rear of Leeds and Lansdowne	20,000

Only one of the two last mentioned amounts will be available, depending on the line of route.

A bonus for $15,000 has been voted in by the electors of the Towhship of Bastard and it is believed will be found to have received the assent of the requisite number of the electors.

The electors of the northern and southern portions of this township desire the railway built through different portions of the township and have each stated their intention of submitting sectional bonuses in case the bonus recently voted on has miscarried.

A list of stockholders will be submitted to your department in a short time.

Your petitioners therefore pray, that you will be pleased to recommend that a bonus be granted by the Parliament of Canada at its present Session to assist in the construction of the line, and in view of its proximity to the Rideau Canal and the reduced rates thereby rendered necessary—that the amount of the bonus asked be of the most liberal character, and your petitioners as in duty bound will ever pray.

C. F. GILDERSLEEVE, *Chairman Provisional Directors.*

KINGSTON, March, 1889.

LAKE TEMISCAMINGUE RAILWAY COMPANY, MATTAWA TO FOOT OF LONG SAULT.

Honorable Sir,—We beg to ask that a subsidy of $3,200 per mile may be granted to our company, for the construction of 35 miles of railway, from Mattawa to the foot of Long Sault Rapids, for the following reasons :

That there is already constructed and in course of construction 16 miles of railway from the foot of Long Sault Rapids, to Lake Kippewa, and that the additional 35 miles, now prayed for, would give an entire rail line from Lake Kippewa to Mattawa, connecting at the latter place with the Canadian Pacific Railway.

The rapid strides made by colonization in that region; the importance to the timber trade of reaching easily the best limits it now possesses, are strong reasons why this road should be completed in the near future.

Trusting that our application will be favorably received.

We remain, honorable sir, your very humble servants,

THE LAKE TEMISCAMINGUE COLONIZATION RY. CO.,
P. E. Gendreau, *President.*

Ottawa, 26th January, 1889.

To the Honorable J. H. Pope, Minister of Railways, Ottawa.

SHUSWAP AND LAKE OKANAGAN RAILWAY.

RESOLUTION *re* SUBSIDY TO SHUSWAP AND OKANAGAN RAILROAD.

Whereas no subsidy was granted to the Shuswap and Okanagan Railway during the last Session of the Dominion Parliament;

And whereas, in addition to its extensive agricultural resources, large mineral developments are taking place at Rock Creek and elsewhere in that district; from which industry, owing to the absence of communication, but little benefit is derived by the merchants of this country, and which said industry will continue to be profitless to our mercantile community until the completion of such railroad:

Be it therefore resolved, that this Board do again respectfully urge upon the Dominion Government the advisability of granting a liberal subsidy in aid of this enterprise, which would be greatly to the benefit of this Province and the Dominion at large.

W. MONTEITH, *Secretary.*

Victoria, B.C., 7th January, 1888.

British Columbia Board of Trade,
Victoria, 10th January, 1888.

Sir,—I am directed by the President and Council of the British Columbia Board of Trade to transmit to you the accompanying copy of a resolution of the Board, in reference to a subsidy for the Shuswap and Okanagan Railway, which was passed at a general meeting held here on 7th inst., and to respectfully request that this matter may receive due consideration.

I have the honor to be, sir, your obedient servant,
W. MONTEITH, *Secretary.*

The Hon. the Minister of Railways and Canals, Ottawa.

CHICOUTIMI RAILWAY.

To the Honorable the Minister of Railways and Canals, Ottawa.

Sir,—The undersigned delegates duly appointed by the municipal councils of all the municipalities of the County of Chicoutimi, east of Lake St. John, respectfully represent:

That the Saguenay and Lake St John districts contain a population of about 40,000 people, who up to the present time have been completely isolated from the rest of the Dominion with regard to railway communication.

That the recent completion of the Quebec and Lake St. John Railway to Lake St. John removes this isolation to a certain extent, but that as that railway is still 70 miles distant from the county town and from the centre of the population, it is all important for the welfare and prosperity of the district that an extension of the said railway should be built for the needs of about three-fourths of the population of the district living on the route of the proposed extension.

That this extension would connect at Chicoutimi with the steamboat navigation of the Saguenay at a town which is the county town of the district, the episcopal see of the diocese, and a place of considerable importance as a manufacturing and business centre. That ten miles further east at St. Alphonse, the centre of a rich agricultural and dairy farming district, it would touch the ocean navigation of the Saguenay on Ha! Ha! Bay, a great tourist resort, where the largest ships and steamers may moor alongside the wharf with perfect safety.

That the district to be opened up by the extension as well as by the main line, is so enormous in area and offers so vast a field for the settlement of its rich lands, that it may be termed a promise in itself (under the French *régime* it was styled "Le Royaume du Saguenay") and as such should be entitled to special consideration as to railway facilities, it being obviously in the interest of the Dominion to open up a country which is said to be capable of sustaining a population of a million.

That owing to the geographical position, whilst called upon to contribute their share towards the public debt, the people of this district have derived and can derive no benefit whatever from the great public works of Canada for the construction of which that debt was enacted, such as the canal system, the Grand Trunk and Canadian Pacific and other railways, and the public works for which the debts of the Lower Provinces assumed by Canada were incurred.

That assuming that the people of the district contribute their share to the Customs revenue of the Dominion, say $5 per head, it may be said that they furnish $200,000 per annum towards the Federal revenue, almost without any compensation. This would represent a capital of $5,000,000, which, of course your petitioners do not pretend should be expended amongst them.

But they do think that a sufficient grant should be made to assure the construction of a railway to relieve from their present isolation and connect with the railway system of the country the largest group of population in the Dominion which does not at present enjoy railway facilities.

That the Dominion Parliament has already voted a subsidy of $3,200 per mile upon part of this extension, viz., upon 30 miles, but that the road has been found so expensive to build that the company have been obliged to stop the work after building five miles of the line.

That your petitioners therefore pray that the Government will be pleased to increase the subsidy to $5,161 per mile, the same as granted to the main line, upon 70 miles from Chambord Junction to Chicoutimi and St. Alphonse.

In support of this demand we would respectfully remark that other roads of no greater importance have received this subsidy, such as the Gatineau Valley, the Montreal and Western, and the Lower Laurentian, and that the Temiscouata Railway has received $6,000 per mile, and the Baie des Chaleurs a still larger subsidy.

That if this petition is granted, we have received guarantees from the Lake St. John Railway Company that the road will be immediately built.

Your obedient servants,

B. E. LECLERC, *Priest*,

And 28 other names.

ST. CATHARINES AND NIAGARA CENTRAL RAILWAY COMPANY.

To His Excellency the Most Honorable the Marquis of Lansdowne, G.C.M.G., Governor General of the Dominion of Canada, in Council.

The petition of the St. Catharines and Niagara Central Railway Company, humbly showeth :—

1. In the month of January, 1887, an humble petition, whereof a correct copy is hereunto annexed, was presented to Your Excellency praying for a parliamentary grant of $3,200 per mile to aid the construction of the company's railway from the town of Niagara Falls to the city of Toronto.

2. Your Excellency was pleased to regard the prayer of the petition with favor, and to recommend Parliament at the Session of 1887, to grant a subsidy of $3,200 per mile to aid the construction of the first section of the company's railway lying between the town of Niagara Falls and the city of St. Catharines, a distance of about twelve miles; at the same Session, Parliament enacted by 50-51 Victoria, Chapter 60, that the company's road is a work for the general advantage of Canada.

3. Your petitioners have proceeded actively with the construction of this section of their road and have expended cash $300,000 upon the work.

4. This section is now on the immediate verge of completion and would ere this have been fully finished and ready for inspection by the Government Engineer, but for great and unavoidable delay from causes beyond the company's control, in procuring a portion of the right of way through the towns of Thorold and Merritton. Track laying upon this section will be completed this present month.

5. Your petitioners have made their surveys and filed their plans, as required by law, westward from the city of St. Catharines to the city of Toronto.

6. They are confident that a subsidy of $3,200 per mile, together with their other financial resources, will enable them to complete their road from the end of the first section in St. Catharines to Toronto.

For the reasons assigned in the company's petition of January, 1887, which Your Excellency was pleased to consider valid, and in order that the undertaking prosperously begun and carried forward, under Your Excellency's encouragement and approval, may be completed;

Your petitioners humbly pray:

That at the present Session of Parliament Your Excellency will be pleased to recommend such measures as in your wisdom shall be meet, to procure a grant of $3,200 per mile to aid the completion of the company's road from St. Catharines to Toronto.

And your petitioners as in duty bound will ever pray,

LUCIUS S. OILLE, *President.*
RICHARD WOOD, *Secretary.*

Office of the St. Catharines and Niagara Central Railway Company,
St. Catharines, Ont., 20th March, 1888.

His Excellency the Most Honorable the Marquis of Lansdowne, G.C.M.G., Governor General of the Dominion of Canada, in Council.

The petition of the St. Catharines and Niagara Central Railway Company, humbly showeth:—

1. In addition to the construction of those great national railways, Intercolonial and Canadian Pacific, for several years it has been the policy of the Government of Canada to grant out of the public funds aid towards the construction of numerous local and competing railways in various portions of the older Provinces of Canada, and by reason of such aid many miles of railway have been built, that otherwise would not have been carried through successfully.

2. The St. Catharines and Niagara Central Railway Company are engaged and have already made great progress in building their road from the town of Niagara

Falls by the shortest route round the western end of Lake Ontario to the city of Toronto, with a short spur into the city of Hamilton. It passes through an important portion of the County of Welland, the towns of Thorold and Merritton, the city of St. Catharines and the entire length of the County of Lincoln, and is so located, and is to be provided with stations so conveniently placed as to afford the best possible accommodation to the numerous mills and factories, and to the agricultural and mercantile population along the route, and will be of great public utility.

3. This railway connects at Toronto with railways diverging and especially with the Canadian Pacific and Northern Railways. It will in this way afford the dense population south of Lake Ontario the important advantage of the former as an avenue for traffic to Ottawa, Montreal, Quebec and the Maritime Provinces, and of the latter to the lumber district east and north of Georgian Bay and *via* the Canadian Pacific railway from Callendar to Winnipeg and the Canadian North-West. There will be the advantage also of a summer route *via* the Toronto, Grey and Bruce Branch of the Canadian Pacific railway to Owen Sound, the Canadian Pacific Steamboat Line to Port Arthur, and the Canadian Pacific Railway to Winnipeg.

4. This railway will greatly benefit the population of a portion of the Province of Ontario lying, on account of the great distance, beyond reach of the coal mines of Nova Scotia, by facilitating and reducing the cost of transportation from the coal mines of Pennsylvania.

5. For thirty-five miles this railway traverses the great fruit orchards, gardens and vineyards of the Niagara district, which on account of the essential combined advantages of mildness of climate and fertility of soil must always be the main source of supply of fruits for the use of the Dominion. Operated as this railway is designed, viz. :—in connection with the great Canadian Pacific system, its cheapening effect on the cost of transport will benefit millions of the Canadian people who are consumers of fruit grown in the Niagara district.

6. The large population of the country traversed by this railway are heavy contributors towards the national and numerous local roads elsewhere built and subsidized out of the Dominion treasury, while nothing has been expended on any railways for their accommodation, and especially with regard to the Canadian Pacific Railway; unless the St. Catharines and Niagara Central Railway is constructed, that population will be deprived of their first share of the advantages of that costly national work.

Your petitioners believe that a subsidy of $3,200 per mile will, together with the municipal aid and other resources of the railway company, enable them to complete their road. Therefore, and for divers other good reasons, your petitioners humbly pray:

That you will recommend such measures to Parliament at its coming session, as in your wisdom shall see best, to procure a grant in aid of the construction of the St. Catharines and Niagara Central Railway to the extent of three thousand two hundred dollars per mile.

And your petitioners, as in duty bound, will ever pray.

HEREFORD RAILWAY COMPANY.

To the Honorable JOHN HENRY POPE, Minister of Railways and Canals.

The Petition of the Hereford Railway Company humbly showeth:

Your petitioners having completed its railway from the International boundary line between the township of Hereford and the State of Vermont northerly thirty-four miles, the distance for which a subsidy was voted by the Parliament of Canada in and by the 49th Victoria, Cap. 10, now desires to continue said railway to a connection with the Atlantic and North-West Railway at Cookshire, in the County of Compton, a distance of one and one-half miles, and thence crossing the said Atlantic and North-West Railway and the Quebec Central Railway to a junction with the southerly terminus of the railway of the Dominion Lime Company, which was subsidized by the Parliament of Canada in and by the 50-51 Victoria, Cap. 24, a further distance of thirteen and one-half miles making in all a distance of fifteen miles which

the company desires to build and complete during the present year; that the early construction of the said fifteen miles of railway and a connection between the Hereford Railway and the Atlantic and North-West Railway the Quebec Central Railway, and the railway of the Dominion Lime Company matter of great importance. That the Hereford Railway Company has arranged the Dominion Lime Company to complete the railway of that company and to tend the same northerly towards the city of Quebec into the county of Wolfe.

That the section of the Hereford Railway from Cookshire to the point of crossing the Quebec Central Railway is much more expensive to build than the other portions of said Hereford Railway and much more expensive than the uncompleted portion of the railway of the Dominion Lime Company, owing in part to expensive bridges that must be built across the Saint Francis and Eaton rivers and the approaches to the same.

That there remains unbuilt of the Dominion Lime Company's railway $2\frac{2}{10}$ miles, for which a subsidy of seven thousand and forty dollars has been voted and is available.

Wherefore your petitioner prays that a subsidy may be given to the Hereford Railway Company for a distance not exceeding fifteen miles, commencing at a point thereon 34 miles north of the international boundary line—where the subsidy voted by the 49th Victoria, Cap. 10, extends and thence northerly to the southerly terminus of the railway of the Dominion Lime Company, and that the unearned subsidy of the Dominion Lime Company, five thousand dollars, may be applied and paid to the Hereford Railway Company upon the completion of the said section of fifteen miles; and your petitioner as in duty bound will ever pray.

COOKSHIRE, 20th February, 1889.

QUEBEC, MONTMORENCY AND CHARLEVOIX RAILWAY.

QUEBEC, 19th February, 1889.

DEAR SIR,—In response to applications dated 17th May, 1887, and 11th May 1888, by the Quebec, Montmorency and Charlevoix Railway Company to the Government for a cash subsidy over 30 miles of their railway, an Order in Council, No. 1236, dated 1st June, 1888, was passed and approved by His Excellency, the Administrator of the Government in Council undertaking that application be made to Parliament this present Session for the grant mentioned in the Order in Council, I therefore, in behalf of the company, beg to give you notice of the above, so that this railway may be placed on the list to be included in the Subsidy Act for this Session.

I remain, dear sir, yours faithfully,

H. J. BEEMER, *President.*

Per HENRY E. BEEMER, *his Attorney.*

A. P. BRADLEY, Esq., Secretary Railways and Canals, Ottawa.

CORNWALLIS VALLEY RAILWAY CO. (LIMITED)

CANNING, N.S., 20th July, 1889.

SIR,—On behalf of the directors and stockholders of the Cornwallis Valley Railway Company, Limited, I have the honor to call your attention to the fact that the located line of this railway is fourteen miles in length while a subsidy is provided for thirteen miles only, and to request that you will be good enough to take the necessary steps to provide a subsidy for the additional mile during the present Session.

Beginning at Kentville, the point of junction with the Windsor and Annapolis Railway, the thirteenth mile of our road stops at exactly one mile from the harbor at Kingsport with which we must connect in order to secure traffic to fulfil the object of construction.

I beg to inform you that the grading is being carried on and that about two miles have been completed, and to suggest that provision be made for the payment of the subsidy during the fiscal year beginning 1st July, 1889.

I have the honor to be, sir, your obedient servant,

S. SHEFFIELD, *President.*

Hon. J. H. POPE, Minister of Railways and Canals, Ottawa.

ST. CLAIR TUNNEL COMPANY.

MONTREAL, 24th April, 1888.

To His Excellency the Governor General in Council:

The Petition of the St. Clair Tunnel Company humbly showeth:

That your petitioners were incorporated as a company to construct a tunnel under the River St. Clair, for railway purposes between the town of Sarnia, in the Province of Ontario and the city of Port Huron, in the State of Michigan, in the year 1884, under the title of the St. Clair Frontier Tunnel Company.

That subsequently, viz., in 1886, your petitioners entered in the manner provided by their Act of incorporation, into an agreement for amalgamation with the Port Huron Tunnel Company, a company incorporated by the laws of the State of Michigan, and have, since consolidation with that company, been known as the St. Clair Tunnel Company.

That the object of the construction of the tunnel was to connect the railways of Canada with the railway system of the United States, so as to facilitate the passage of persons, and the interchange of commodities, by affording a means of uninterrupted railway communication between the two countries *via* the St. Clair frontier.

That during the years 1884 and subsequently, your petitioners made surveys, took soundings and borings, and for the purpose of further testing the practicability of constructing the proposed tunnel, caused a heading or experimental tunnel, on a small scale, to be driven for a considerable distance under the River St. Clair, from shafts sunk on each side thereof, the whole of which operations have involved the expenditure of large sums of money by your petitioners.

That the proposed tunnel, when completed, will be of great and permanent advantage to the trade and commerce of Canada in many ways, especially by reason of the saving in time and expense which its construction may be expected to effect in the movement of lumber, grain and other merchandise exchanged between Canada, and more particularly the Province of Ontario and the United States, and also because of the benefits which will be derived from the diversion through Canada of a larger share of the great volume of traffic passing between the Eastern and Western States, that is likely to follow the opening of the tunnel.

That your petitioners are now engaged upon the construction of the tunnel under the bed of the river, and intend to proceed with the work continuously, and as fast as their resources permit, until the object of their incorporation has been accomplished.

That the length of the tunnel, together with its approaches on both sides of the river, will be a little over two miles, and the total estimated cost about $2,500,000.

Your petitioners therefore pray that they may be granted aid by Your Excellency's Government to such an amount as may appear to be just and reasonable, towards the construction of their tunnel.

THE ST. CLAIR TUNNEL COMPANY,

Per J. HICKSON, *President.*

DRUMMOND COUNTY RAILWAY.

OTTAWA, 7th March, 1889.

SIR,—The Drummond County Railway Company have located their railway through the town of Nicolet to Bull's Wharf upon the St. Lawrence River. It is of great importance to the public that the railway should be continued to that point. The distance from Drummondville is about thirty-five miles. The road has been subsidized for only thirty miles by the 50-51 Vic., Cap. 24. The company therefore ask that they may be voted a subsidy for an additional distance, not exceeding five miles, $12,800.

I have the honor to be your obedient servant,
C. CHURCH, *President Drummond County Railway.*

The Honorable the Minister of Railways and Canals.

PONTIAC AND RENFREW RAILWAY COMPANY.

OTTAWA, 26th March, 1889.

SIR,—On the 1st June, 1888, an Order in Council, No. 47623, was approved, undertaking to apply to Parliament for a subsidy of $3,200 per mile, to the Pontiac and Renfrew Railway Company, for 6 miles of their railway from the Pontiac Pacific Junction Railway, near the Quyon River, to the north bank of the Ottawa River opposite Braeside, and I have the honor to inform you that since the passing of said Order in Council this company have graded and bridged 4¼ miles of said portion of their railway, viz., from the Pontiac Pacific Junction Railway, near the Quyon River, to the Bristol iron mines, and intend laying steel rails thereon in May next.

The actual distances as ascertained by location survey is, from the Pontiac Pacific Junction Railway to Bristol Mines 4¼ miles, and from the Bristol Mines to the north bank of the Ottawa, opposite Braeside, 2¾ miles.

I have now respectfully to request that the application to Parliament for a grant of $3,200 per mile be as follows:—

"From its intersection with the Pontiac Pacific Junction Railway at Billerica (or Wyman's Station) near the Quyon River to the Bristol Mines, a distance of 4¼ miles, and from the Bristol Mines to the north bank of the Ottawa River, opposite Braeside, a distance of 2¾ miles," in all 7 miles.

The completion of the first section will give an outlet for the product of the iron mines by way of the Pontiac Pacific Junction Railway, and the second section will give a connection with the Canadian Pacific.

I have the honor to be, sir, your obedient servant,
CHARLES MAGEE, *President Pontiac and Renfrew Railway Co.*

To the Honorable the Minister of Railways and Canals, Ottawa.

MASSAWIPPI JUNCTION RAILWAY.

To His Excellency the Governor General in Council.

May it please Your Excellency,—

I desire in behalf of the Massawippi Junction Railway Company, to ask that a subsidy of three thousand two hundred dollars per mile, for the distance of fifteen miles between Ayer's Flat and Coaticook, being a section of said company's projected line, be granted to said company towards the construction of said section of railway.

For the information of Your Excellency, and in support of this request, I beg to state:

The said company was incorporated by an Act of the Parliament of Canada, 50-51 Vic., Cap. 94, with power to construct a line of railway from some point in the township of Oxford, or in the township of Magog to Ayer's Flat.

By the Railway Subsidy Act of last Session, a grant of thirty-two thousand dollars was authorized in aid of the construction of said line of railway.

The said company has now a Bill before Parliament giving power to extend its line from Ayer's Flat to the town of Coaticook, in the county of Stanstead, a distance of about fifteen miles.

The construction of this railway is of very great importance to the county of Stanstead, and to the trade of the country at large as well—for it would lessen the distance by rail from every business point in said county to Montreal, and all points west, at least twenty-five miles, and would also shorten the distance by rail, *via* the Atlantic and North-West Railway, from Montreal to Boston and Portland and all New England points, by at least twenty-five miles.

The inhabitants of Stanstead county, all of whom are greatly interested in the construction of this loop line, have, it is believed, special and peculiar claims upon the favorable consideration of the Government and Parliament of Canada for aid in this undertaking.

The township of Stanstead alone has contributed to the construction of important lines of railway, for the general advantage, no less a sum than two hundred and fifty thousand dollars, and the township of Hatley has, in like manner, contributed twenty-five thousand dollars.

They have never received either from the Dominion Parliament, or from the Provincial Legislature, any sum whatever in aid of any railway or public work.

Hoping that the foregoing may receive due and favorable consideration,

I have the honor to be your obedient servant,

CHAS. C. COLBY.

OTTAWA, 19th March, 1889.

GREAT EASTERN RAILWAY COMPANY.

MONTREAL, 13th March, 1889.

The Right Honorable Sir JOHN A. MACDONALD, Acting Minister of Railways.

DEAR SIR,—During the past five years the Great Eastern Railway Company has each year petitioned for aid towards the construction of its railway, and numerous petitions have been presented by the inhabitants of the various counties through which the line passes, petitions have also been very extensively signed by members of the Senate and of the House of Commons. Year after year large delegations have at great personal inconvenience and expense come from the various towns and parishes on the line, to urge their great needs and to point out the justice of their claims.

The result so far has been meagre and in consequence little progress has been made, but having year after year given place to more successful if not more deserving lines the Great Eastern Company feels that its claims will now receive more favorable consideration.

The counties through which the line between Montreal and Chaudière Junction runs are Chambly, Verchères, Richelieu, Yamaska, Nicolet, Lotbinière and Lévis, and these counties have as yet received little or no aid for railways. The district is completely isolated and a number of the oldest parishes in the country, which have been paying their share of the burdens of the country for over one hundred years have themselves been entirely neglected.

So far the only subsidy voted to the company has been for 40 miles, at $3,200 per mile, between Yamaska and St. Grégoire. The company has located its line in the shortest possible manner and the actual distance is 28 miles, leaving 12 miles of subsidy unused, which the company wishes applied towards the construction of the Nicolet bridge which is on this section. The Quebec Government has granted a similar request made to them, and is giving the surplus mileage, amounting to $32,000, towards this bridge.

The Quebec Government has granted a subsidy of $4,000 per mile over the above section between Yamaska and St. Grégoire. This subsidy will expire in December of this year and it is imperative that the St. Francis bridge should be constructed this year so as not to lose this subsidy.

The St. Francis bridge will cost at least $250,000, and the company wishes to be put on the same footing respecting this bridge as the Fredericton and St. Mary's Bridge Company, *i. e.*, that the Government should advance 80 per cent. of the total cost of the bridge, not to exceed $200,000, to be secured and repaid in the same manner as with that company. *See* 50–51 Victoria, Chapter 26.

For that portion of its line between St. Grégoire and the junction with the Intercolonial Railway at Chaudière Junction, the company asks that it should receive the same subsidy as the Quebec and Lake St. John, Gatineau Valley, Lower Laurentian Railways, *i. e*, $5,190 per mile, or an annual sum during twenty years as paid to the Short Line Railway.

The Great Eastern Company is building a first-class line, with maximum gradients of twenty-six feet per mile and curvature of two degrees, and it will be in a position to haul freight at less cost than any line in Canada. It will reduce the distance between Montreal and Chaudière by one-seventh, and will save one-half the time now taken by Intercolonial passengers between Lévis and Montreal.

The Maritime Provinces will be particularly benefited by the Intercolonial Railway being practically continued to Montreal and being made independent of its present very unsatisfactory connections at Lévis.

With the aid asked for the company is in a position to complete its line without delay, and affording railway facilities to a large population now entirely without it, besides giving increased facilities and most favorable rates to many others.

Trusting that the Government is now in a position to act liberally towards the company.

We have the honor to be, sir, your obedient servants,

GANANOQUE, PERTH AND JAMES' BAY RAILWAY COMPANY, AND THOUSAND ISLANDS RAILWAY COMPANY.

OTTAWA, ONT., 27th March, 1889.

SIR,—In relation to the petition for aid made by the Thousand Islands Railway, we beg to state that the petition was made for aid by way of re-vote, namely, the bonus voted to the Gananoque, Perth and James' Bay Railway Company in 1886 was asked to be re-voted to the Thousand Islands Railway Company, into which railway the Gananoque, Perth and James' Bay Railway Company has been merged under an Act passed during the last session of Parliament, a copy of which Act is herewith enclosed, and in said Act, section four, "all grants heretofore voted to the Gananoque, Perth and James' Bay Railway Company by the Parliament of Canada may be paid to the company, subject to the provision of the Acts relating to such grants."

As previously explained, the Gananoque, Perth and James' Bay Railway Company agreed to petition the Government that the bonus voted to that company might be divided as set forth in the petition now on file in your department, and the two companies hereinbefore mentioned hereby unite in the application that the bonus may be re-voted to the Thousand Islands Railway Company, in the manner set forth in said petition.

I am, dear sir, your obedient servant,

R. C. CARTER, *General Manager,*
The Thousand Islands Railway Company.

The Honorable the Minister of Railways and Canals, Ottawa.

BROCKVILLE, WESTPORT AND SAULT ST. MARIE RAILWAY COMPANY.

The petition of the Brockville, Westport and Sault Ste. Marie Railway Company:

Your petitioners most respectfully request that you will lay before the Hon. the Privy Council, the petition of the Brockville, Westport and Sault Ste. Marie Railway Company, for aid to further extend this railway line an additional distance of seventy-five miles.

With the assistance the Dominion Government have already given, the said railway company have been enabled to construct their line as far as the village of Westport, in the township of North Crosby, in the county of Leeds, and now desire to continue and extend the said railway to Palmer Rapids, on the head-waters of the Madawaska River, during the ensuing season, and from thence to Burks Falls, in the Muskoka District, there forming a junction with a projected railway to Parry Sound, and thus opening a continuous line of railway from the St. Lawrence River to the Georgian Bay, and furnishing a colonization railway through a portion of Ontario at present unserved by any railway.

THE BROCKVILLE, WESTPORT AND
SAULT STE. MARIE RAILWAY COMPANY.

W. H. COLE, *President.*
W. B. SMELLIE, *Secretary.*

The Honorable the Minister of Railways and Canals, Ottawa.

MASKINONGE AND LAKE NIPISSING RAILWAY.

To the Right Honorable and Honorable the Members of Her Majesty's Most Honorable Privy Council of Canada:

The humble petition of the Maskinonge and Nipissing Railway Company, showeth:—

That the Maskinongé and Nipissing Railway Company was duly incorporated by the Parliament of Canada, 49 Victoria, chapter 79, and an amendment thereto 51 Victoria, chapter 82.

That experience has shown that the peopling and colonization of Canada can best be accomplished through the medium of railways.

That the line of this projected railway passes through a country possessing a more favorable climate than either Manitoba or the Lake St. John district; on this line hundreds of flourishing villages will eventually be found.

That this is the largest and best region now available for colonization in the Province of Quebec.

That this railway will place this immense district in communication with the principal commercial centres of the Dominion.

That the construction of a railway system for colonization and traffic on the line of the Maskinongé and Nipissing Railway into and through the valleys of the Maskinongé, Rouge, Lièvre, Gatineau and Coulonge, will open up and populate these fertile valleys, a work which can speedily be done by the present corporation if aided and assisted by liberal subsidy in cash.

That the region which will be traversed by the projected railway will be extremely attractive to both farmers and miners, being well wooded and watered, and comprising agricultural and mining lands, it is certain that in a few years it will be the home of a vigorous and contented population.

That for some time after the completion of this railway, the returns will be small and quite inadequate to the proper maintenance of the line, owing to the sparse population. This state of affairs will remedy itself; but in the mean time a subsidy from the Dominion and Provincial Governments will be necessary. It will be a profitable investment, and cannot be objected to by any person acquainted with the facts and the necessity of the project.

From every point of view the projected railway will be of immense advantage to the Provinces of Quebec and Ontario, and in fact to the whole of the Dominion, through the medium of the Canadian Pacific Railway, to which it will be a main feeder.

That the company have expended on explorations, surveys, locating line of railway, maps, plans and profiles, a sum exceeding fourteen thousand dollars.

Permit us therefore under the above circumstances and for the foregoing reasons to request that your honorable Council will be pleased to grant the prayer of your petitioners, viz.: to place in the estimate for the present year, a most liberal subsidy to assist them in the building of the first section of thirty miles, of the Maskinongé and Nipissing Railway, viz.: from Maskinongé to St. Alexis.

And your petitioners will ever pray.

FOR THE MASKINONGE AND NIPISSING RAILWAY COMPANY,

LAURENT GRENIER, *President*.

OTTAWA, 15th February, 1889.

OTTAWA, 24th October, 1888.

To the Hon. JOHN HENRY POPE, Minister of Railways and Canals, and the Hon. the Privy Council of the Dominion of Canada.

The petition of the Maskinongé and Nipissing Railway, humbly showeth:—

That a charter was granted by the Dominion Parliament on the 2nd day of June, 1886, and an amendment thereto was granted by the Dominion Parliament on the 22nd of May, 1888.

That pursuant to their charter, stock-books were opened and one hundred thousand dollars stock subscribed and ten per cent. thereon paid up and deposited, as per bank certificates annexed.

That the company was legally organized on the 23rd day of June, 1888, with the following board of directors, D. Laurent Grenier, William Shoolbred, Philip Low, Thomas Wallace, Henry J. Shoolbred.

That this company has completed negotiations for the construction and equipment of the first thirty miles of their line, and they would at once commence operations if they had from your Government an Order in Council granting them a subsidy of $5,161 per mile on the first section of 30 miles, now under contract.

That this company has proved its "*bona fides*" and its earnestness in organizing, surveying and locating its line of route, with the necessary maps and profiles for the purpose of constructing their line, but that they cannot proceed further until they get a liberal subsidy from your Government.

The following are the approximate estimates of our engineer of the work required on the first section, viz.:—

20,100 yards of earth excavation.

2,150 yards of ballasting, and after the first ten miles there will be rock cutting on fully half the route through the Laurentian Mountains.

The settlements to be met with on the first 30 miles are those of St. Ursule, St. Léon, St. Justin, St. Didace, St. Paulin and Saint Alexis des Monts, at which points the road touches Bark River and River du Loup, where the river traffic will connect with the line, and opening up uninterrupted communication for over 20 miles, and thus help to colonize the townships of Descalonnes, Chapleau and Belleau.

The estimated cost of the road is $20,000 per mile on the average for the first portion of the road, 30 miles, based on the engineer's reports of surveys taken by him.

Trusting that our petition will receive your most favorable consideration, we will as in duty bound ever pray.

DR. L. GRENIER, *President*.

WM. SHOOLBRED, *Secretary*.

NAPANEE, TAMWORTH AND QUEBEC RAILWAY COMPANY.

KINGSTON, ONT., 1st March, 1888.

Hon. J. H. POPE, M.P., Minister of Railways and Canals, Ottawa.

SIR,—The petition of the undersigned, the Napanee, Tamworth and Quebec Railway Company, humbly showeth:—

That the said company desire to construct a line of railway some seven miles in length connecting the system of the Napanee, Tamworth and Quebec Railway Company with that of the Kingston and Pembroke Railway Company, the said line having been duly authorized by the Dominion Parliament, *vide* Victoria, chapter 62, namely:—

Extract from the Act respecting the said line:

"The Napanee, Tamworth and Quebec Railway Company may lay out, construct, finish, equip, work and use a branch line of railway at and from any point of the main line at or near Yarker, or between Yarker and Moscow, on said Napanee, Tamworth and Quebec Railway to some point at or near Harrowsmith or Verona, on the Kingston and Pembroke Railway."

It is believed that the construction of this connecting line of railway will prove of the greatest importance to the two railway systems mentioned, enhancing the value of the lines already built, and will further benefit the villages *en route* and be of importance to the lumber interests, enabling the manufacturers of lumber to bring down on cars to the mills rough forest products where the same can be prepared for market.

Your petitioners therefore humbly pray that the Government will aid the connecting line of railway mentioned with a grant of $3,200 per mile to enable said Napanee, Tamworth and Quebec Railway Company to proceed with the construction of said line.

And, as in duty bound, your petitioners will ever pray.

E. W. RATHBURN,

General Manager, the Napanee, Tamworth and Quebec Railway Company.

KINGSTON, ONT., 1st March, 1888.

SIR,—Referring to the application of the Napanee, Tamworth and Quebec Railway Company for aid to enable the said company to construct a line of some seven miles in length connecting the said railway line and the Kingston and Pembroke Railway system.

We beg to state the following particulars relating to the Napanee, Tamworth and Quebec Railway Company, namely:—

The Charter—Dominion Charter; 42 Victoria, chapter 67. Assented to 15th May, 1879.

And amended—Amendment to Charter; 47 Victoria, chapter 68. Assented to 19th April, 1884.

And further amended—Amendment to Charter; 49 Victoria, chapter 68. Assented to 2nd June, 1886.

The said company have now built and in operation some 28½ miles of railway fully equipped.

It is desirable in the interests of the said company and the public at large that that portion of the said company's railway known as the Yarker and Harrowsmith connection should be built.

The means to build—A bonus to be voted by the city of Kingston now authorized by the Provincial Legislature.

Mileage—The number of miles to be constructed to connect said railways, seven miles.

Estimated cost—The estimated cost per mile is $12,500 exclusive of equipment; said estimate is based on a reconnaissance of the section of country lying between said lines.

Streams to be crossed—The Napanee River at the village of Yarker, by a lattice iron bridge, with piers of masonry, costing $15,000.

Several creeks spanned with deck wooden bridges.

The character of the country—Very rich and fertile, with large quantities of grain to be moved annually and some fine body hard woods now in the standing timber.

We submit map showing line proposed to be followed in the construction of this extension.

Curves and gradients—The sharpest curve would be 955 feet radius, with no grade over 80 feet to the mile.

The Honorable JOHN HENRY POPE, M. P.,
Minister of Railways and Canals, Ottawa, Ont.

KINGSTON, ONT., 7th March, 1888.

The petition of the undersigned the Napanee, Tamworth and Quebec Railway Company humbly showeth:

That the said company desire to construct the Kingston and Yarker extension authorized by the Dominion Parliament, and beg to ask for a grant of $3,200 per mile for the distance of 22 miles.

It is believed that the construction of this extension will enhance the value of the other mileage of said railway and prove to be of considerable benefit to the villages along the line and of the greatest importance to the city of Kingston, for the bringing down to its harbor large quantities of square timber, iron and lead ore, and grain from local sources and from the North-West.

Your petitioners, therefore, humbly pray that the Government will aid the proposed extension of the Napanee, Tamworth and Quebec Railway Company with a sufficient grant, namely, $3,200 per mile for 22 miles, to enable said company to proceed with the construction of the said extension.

And, as in duty bound, your petitioners will ever pray.

E. W. RATHBURN, *General Manager,*
The Napanee, Tamworth and Quebec Railway Company.

To the Hon. JOHN HENRY POPE, M.P., Minister of Railways and Canals, Ottawa.

KINGSTON, ONT., 7th March, 1888.

SIR,—Referring to the application of the Napanee, Tamworth and Quebec Railway Company for aid to enable said company to construct the Yarker and Kingston portion of said railway,

We beg to state the following particulars:

The Charter—Dominion Charter, 42 Victoria, chapter 67. Assented to 15th May, 1879.

And amended—Amendment to charter, 47 Victoria, chapter 62. Assented to 19th April, 1884;

And further amended—Amendment to charter, 49 Victoria, chapter 68. Assented to 2nd June, 1886.

The said company have now built and in operation 28½ miles fully equipped.

It is desirable in the interests of the said company and the public at large that that portion of the said company's railway known as the Kingston and Yarker Branch should be built.

The means to build—A bonus to be voted by the city of Kingston now authorized by the Provincial Legislature.

Mileage—The number of miles to be constructed, Kingston to Yarker, 22 miles.

Estimated cost—The estimated cost per mile is $12,500, exclusive of equipment; said estimate is based on a reconaissance of the section of country lying between Yarker and Kingston.

Streams to be crossed—The Napanee river at the village of Yarker by a lattice iron bridge, with piers of masonry, costing $15,000.

Several creeks spanned with deck wooden bridges.

The character of country—Very rich and fertile, with large quantities of grain to be moved annually and large quantities of fine body hard woods now in the standing timber.

Map showing line—We submit map showing line proposed to be followed in the construction of this extension.

Curves and gradients—The sharpest curve would be 955 feet radius, with no grade over 80 feet to the mile.

The aid asked for to enable the said company to construct the said line from Kingston to Yarker is $3,200 per mile, for the distance of 22 miles.

All of which is respectfully submitted,

E. W. RATHBURN,

General Manager, the Napanee, Tamworth and Quebec Railway Co.

The Hon. J. H. Pope, M.P., Minister of Railways and Canals, Ottawa.

JOGGINS RAILWAY COMPANY.

Sackville, N.B., 3rd March, 1888.

Sir,—I have the honor to transmit to you, under a separate wrapper, the plan and profile of a proposed branch of the Joggins Railway to Young's Mill, a distance of four and one-half miles; and to aid in the construction of which the company will hereafter formally petition for a subsidy. The object of the line is to gain access to inexhaustible beds of ballast of the best quality. It will also place within twelve miles of the Intercolonial Railway the products of several large lumbering establishments, the output of which is estimated at about twelve millions of feet superficial.

I have the honor to be, sir, your obedient servant,

W. C. MILNER, *Secretary Joggins Railway Company.*

Hon. J. H. Pope, Minister of Railways and Canals.

River Hebert, Cumberland County, Nova Scotia, February, 1888.

To His Excellency the Governor General in Council and Hon. Members of the House of Commons, Ottawa:

May it please Your Excellency and honorable gentlemen; We, the undersigned, the landowners on the east side of the River Hebert, knowing that the Joggins Railway Company and the Minudie Railway Company, Limited, are both applying to Your Excellency and hon. gentlemen for powers and a subsidy to build and operate a railway to the head of the River Hebert on the east and west sides respectively; therefore pray Your Excellency and hon. gentlemen to grant the powers and subsidy asked for to the Minudie Railway Company, Limited, to build the railway on the west side of the said river, as should the Joggins Railway Company build on the east side they will damage our lands very much and cannot afford us any accommodation, nor will they tap all the mills, and the Minudie Railway Company, Limited, by building the railway up the west side of the River Hebert, would tap all the mills and give every accommodation required. And as in duty bound your petitioners will ever pray.

EDMUND PUGSLEY,
PETER O. WOOD,
N. R. WOOD,
A. B. WOOD,
HENINGAR WOOD,
THOMAS SHIPLEY, Sen.,
THOS. W. FORREST,
EDWARD MILLS.

MINUDIE RAILWAY COMPANY (LIMITED).

MINUDIE, CUMBERLAND CO., NOVA SCOTIA, 27th February, 1888.

We, the stockholders of the Minudie Railway Company, Limited, are now entering into a contract with your Government to build, equip and operate a line of railway from a point on the Joggins Railway to Minudie, a distance of six and a half miles, and are fully prepared to carry out the said contract. And now further ask your Government to grant us an extension of said railway, giving us power to cross the said Joggins Railway and extend our railway up the west side to the head of the River Hebert, with subsidies at $3,200 per mile. The total distance of railway will be about twelve miles.

In asking your Government to grant us powers and subsidies as aforementioned, we are supported by all the mill owners, who have signed the petition hereunto annexed, and who promise, if such accommodation is granted them to ship all their deals, lumber, &c., at Minudie (meaning about fifteen million feet per yard), and further, we, the Minudie Railway Company, Limited, have the best facilities for piling and shipping deals, lumber, &c., anywhere in that part of Cumberland County (Joggins Shore or Lower Cove not excepted), and vessels drawing 20 to 23 feet can lay and load there in safety at any time and in all weathers.

This road, no doubt, will form a profitable feeder to the Intercolonial Railway.

A blue plan showing proposed extension accompanies this.

On behalf of the company,

GILBERT SEAMAN, *Secretary.*

The Hon. the Minister of Railways and Canals, Ottawa.

RIVER HEBERT, CUMBERLAND COUNTY.

NOVA SCOTIA, 24th February, 1888.

To His Excellency the Governor General in Council and Honorable Members of the House of Commons, Ottawa.

May it please Your Excellency and honorable gentlemen, We, the undersigned the mill owners on River Hebert, being desirous of having a line of railway built up the said river, tapping all our mills, to enable us to ship all our deals and lumber at Minudie, therefore pray Your Excellency and honorable gentlemen to grant to The Minudie Railway Company (Limited), powers and a subsidy to enable them to extend their line of railway up the west side of the River Hebert, from their junction with the Joggins Railway, and to equip and operate the same, as it only will provide the accommodation we require and enable us to ship all our products over one continuous line to Minudie, it being the only place at or near the head of the bay where we can load at the wharves large vessels for British or foreign ports; and, knowing that the Joggins Railway Company are about to apply for powers and a subsidy to build a line up the east side of the said River Hebert, we beg to submit that such a line, if built, would not tap all our mills or give us the accommodation required, and that neither at the Joggins Shore or at Little River have we, nor can there be made, such deep water wharfage, extensive and convenient piling grounds or shipping facilities as at Minudie.

And further, in asking Your Honor and honorable gentlemen to grant the prayer of this petition, we beg to submit that should the accommodation prayed for be granted us, our output of deals and lumber, now 10,000,000 feet per year, would be very largely increased and a great public benefit would be conferred, and, as in duty bound, your petitioners will ever pray.

CANADIAN PACIFIC RAILWAY RETURN--INTERIOR, 1889.

PART I

CONSISTING OF COPIES OF CORRESPONDENCE, PAPERS, PLANS, &c., RELATING TO LANDS REQUIRED BY THE COMPANY FOR STATION GROUNDS.

COPIES *of correspondence and papers respecting the application of the Canadian Pacific Railway Company for land required for Glacier Hotel station grounds.*

CANADIAN PACIFIC RAILWAY COMPANY,
MONTREAL, 28th January, 1888.

MY DEAR SIR,—I enclose tracings showing the land this company desires to obtain adjoining the stations at Griffin Lake and Glacier, British Columbia, together

with the surveyor's notes and descriptions. As you are aware, one of the main objects the company has in view in laying out the land required at such places, is to prevent squatters taking possession and erecting taverns and other objectionable buildings in close proximity to the railway. This is particularly necessary in these two instances. They will be places of popular resort for tourists and it is important that the company should be in a position to prevent the establishment of such objectionable places as I have referred to.

I shall be obliged if you can give this application early consideration.

Yours truly,
C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

P.S. The land required at Glacier is one hundred and sixty acres, enclosed within blue lines on the tracings.

DEPARTMENT OF THE INTERIOR, OTTAWA, 6th February, 1888.

SIR,—I am directed to acknowledge the receipt of your letter, addressed to the Deputy Minister of this Department, of the 28th ultimo, enclosing tracings showing the lands which your company desires to obtain adjoining the stations at Griffin Lake and Glacier, B.C., together with the surveyor's notes and descriptions. This matter will receive immediate attention.

I have the honor to be, sir, your obedient servant,
P. B. DOUGLAS, *Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

(*Memorandum.*)

DEPARTMENT OF THE INTERIOR, OTTAWA, 28th February, 1888.

Mr. Higginson will please read over the correspondence in this case and make the reports suggested.

A. M. BURGESS.

T. S. HIGGINSON, Esq., Crown Timber Agent at New Westminster.

OTTAWA, 29th February, 1888.

SIR,—I have the honor to report, in reference to the applications of the Canadian Pacific Railway Company, dated 28th December last, applying to purchase certain quantities of land at Glacier and Griffin Lake Stations, in British Columbia, that as these are being made, at the expense of the company, attractive places of resort for tourists, I consider for reasons stated in their application, it would be to the interests of the community at large to grant their request.

I have the honor to be, sir, your obedient servant,
T. S. HIGGINSON, *Crown Timber Agent, British Columbia.*

The Honorable Minister of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 9th March, 1888.

SIR,—I beg to inform you that an application has been made by Mr. Drinkwater, on behalf of the Canadian Pacific Railway Company, to acquire a block of land at Griffin Lake, B.C., having an area of 8·62 acres, and one at Glacier, B.C., having an area of 160 acres, with the view of preventing squatters from taking possession and erecting taverns and other objectionable buildings, it being expected that these points will soon be places of popular resort for tourists.

I have submitted the matter to the Minister, and it has been decided that as these places are being made, at the expense of the company, attractive places of resort, the action to be taken shall be similar to that in regard to the application of the company for lands at Donald, that is to say, that so much of the area, in each

case, as the Department of Railways may decide to be necessary for station purposes, will be granted free to the company under the terms of their charter, and the balance of the area sold to them at $2.50 per acre, subject to their arranging with any squatters who may be in occupation.

Mr. Drinkwater has been advised accordingly, and copies of the tracings of the lands applied for furnished by the company have been transmitted to the Secretary of the Department of Railways, with a request that he will have marked on them the area of land that department may consider sufficient for the purposes before mentioned, and so soon as the information is received you will be further communicated with.

I have the honor to be, sir, your obedient servant,

A. M. BURGESS, *Deputy of the Minister of the Interior.*

The Commissioner Dominion Lands, Winnipeg.

DEPARTMENT OF THE INTERIOR, OTTAWA, 9th March, 1888.

SIR,—With reference to your letter of the 28th of January last, making application on behalf of the Canadian Pacific Railway Company to acquire a block of land at Griffin Lake having an area of 8·62 acres, and also a block of land at Glacier containing an area of 160 acres, I beg to inform you that it has been decided to take the same action in this case as was taken upon a similar application from the company for lands at Donald, that is to say:—That so much of the area applied for in each case, as the Department of Railways and Canals may decide to be necessary for the purpose of the railway, will be granted to the company free under their charter, and the remainder of the land sold to them at $2.50 per acre cash, subject, however, to the company arranging with any squatters on the land who may be in occupation.

Copies of the tracings filed by you in this case have been transmitted to the Department of Railways with a request that they will have marked on them the area of land they consider sufficient for the purpose above mentioned, and, on receipt of this information, you will be further communicated with.

I have the honor to be, sir, your obedient servant,

A. M. BURGESS, *Deputy of the Minister of the Interior.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR,
DOMINION LANDS COMMISSION, WINNIPEG, 20th March, 1888.

SIR,—I have the honor to acknowledge the receipt of your letter of the 9th instant, 170052 on 167860, informing the commissioner that an application has been made by Mr. Drinkwater on behalf of the Canadian Pacific Railway Company, to acquire a block of land at Griffin Lake, B.C., having an area of 8·62 acres, and one at Glacier, B.C., having an area of 160 acres.

I have the honor to be, sir, your obedient servant,

T. R. BURPÉ, *Secretary.*

The Secretary Department of the Interior, Ottawa.

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 29th March,* 1888.

On a memorandum dated 27th March, 1888, from the Minister of Railways and Canals representing that application has been made by the Canadian Pacific Railway Company for certain lands which they desire to obtain at Griffin Lake and Glacier Stations on their main line in British Columbia, and the same has been referred to the Government Chief Engineer; that officer has, under date the 13th March instant, reported to the effect that the area required by the company at Griffin Lake, 8·62 acres bounded by a red tinted line on the plan furnished by them, a copy of which is attached hereto, is reasonable and required for railway purposes. That at Glacier

he has marked in red color the area, namely, extending for a distance of about 1,600 feet along the railway, and having a width of 400 feet, which, in his opinion, is sufficient; the right of way being in both cases included in the above.

The Minister recommends that the two said several parcels of land, as shown on the plan referred to, be, so far as they are vested in the Crown, granted to the Canadian Pacific Railway Company in conformity with the provisions of their contract.

The Committee submit the same for your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

To the Honorable the Minister of Railways and Canals.

DEPARTMENT OF THE INTERIOR, OTTAWA, 30th August, 1888.

SIR,—As the area of the land to be granted to the Canadian Pacific Railway Company at Glacier for station grounds and right of way purposes is but 14 acres and the area required by the company is 160 acres, I am directed to inform you that the balance of 146 acres must be paid for at the rate of $2.50 per acre, as you have already been notified, and that, as the survey of the land has been duly made, so soon as the purchase money, which amounts to $365, is remitted here letters patent will be issued in the company's favor for the 160 acres in question.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

MONTREAL, 31st August.

SIR,—Referring to your letter of the 30th instant, respecting land required by this company at Glacier Station, I find that it will not be necessary to secure 160 acres at this place and that about 40 acres, including the area allowed for railway purposes will be sufficient. I enclose an amended plan showing the 40 acres in question.

The part colored pink has been allowed for railway purposes and that colored blue is the additional area required.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 17th January, 1889.

SIR,—I beg to refer to your letter of the 12th November last, reference No. 178035, respecting land required by the company at Glacier. As Glacier Station is within a park reserve, set aside by Order in Council, I beg to state that it will not be necessary for the company to acquire any additional land at that point, over and above that allowed for railway purposes. I shall be glad, therefore, if you will cause the patent for the latter to be issued without delay. I have, however, to request that should this reserve at any time in the future be abolished our application for the additional land may be considered as before the department.

I have the honor to be, sir, your obedient servant,

DEPARTMENT OF THE INTERIOR, OTTAWA, 14th July, 1888.

SIR,—By two letters, from this department, which respectively bear date the 25th and 28th ultimo, you were advised that the lease of the 160 acres which have been allotted to the Canadian Pacific Railway Company, for station purposes, at Banff, was being prepared.

I have now to state that it was a printed form of the lease which is to be used for lands within the Rocky Mountains Park of Canada, which was being prepared, and that a supply of such form was only received by this department from the Government Printing Office on the 13th instant.

Although Mr. G. M. Clark, the solicitor of your company, has already approved of a draft of such form as being satisfactory to the company in so far as relates to its use for the tract within the park which has been allotted to the company for the purposes of their hotel at that place, it is deemed advisable, before preparing the lease for the lands to be used for station purposes, to submit to Mr. Clark a copy of the form of lease which it is intended to issue to the company for such lands.

I am, therefore, directed to enclose a copy of the form in question herewith, and to remind you that this action is also in accordance with your own suggestion.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

LEASE.

HER MAJESTY QUEEN VICTORIA TO

THIS INDENTURE made, in duplicate, the day of in the year of Our Lord one thousand eight hundred and

Between Her Majesty, Queen Victoria, represented herein by the Honorable the Minister of the Interior of Canada, and hereinafter called the lessor of the first part and hereinafter called the lessee of the second part.

Whereas the lands hereby demised and leased or intended so to be, and hereinafter mentioned and described, form part of and are comprised within the tract of land reserved and set apart as a public park and pleasure ground to be known as the Rocky Mountains Park of Canada, by and for the purposes mentioned in an Act of the Parliament of Canada, passed in the session thereof held in the fifty and fifty-first years of Her Majesty's reign, chaptered thirty-two, and intituled: "An Act respecting the Rocky Mountains Park of Canada."

And whereas, among other things, provision is made by the said Act that the said park shall be under the control and management of the said the Honorable the Minister of the Interior of Canada, and for the lease under regulations to be made by His Excellency the Governor General in Council for any term of years of such parcels of land in the park as may be deemed advisable in the public interest, such lease to be for the purposes in the said Act in that behalf provided.

And whereas the said lessee made application to the said the Honorable the Minister of the Interior of Canada for a lease of the lands hereinafter mentioned and described for the term hereinafter provided, and for the purpose of such application has been granted upon and subject to the payment of the rent hereinafter stipulated and covenanted to be paid, and the performance of the covenants and conditions hereinafter respectively made and contained, and the observance of the regulations hereinbefore referred to.

Now this indenture witnesseth that the said lessor for and in consideration of the rent, stipulations, terms, and conditions hereinafter expressed and contained, on the part of the said lessee to be respectively paid, observed, performed, fulfilled, and abided by, hath demised and leased, and by these presents doth demise and lease unto the said lessee executors, administrators and assigns for the purpose aforesaid, that is to say: for the purpose of and for no other purpose or purposes whatsoever, except as hereinafter is provided.

All and singular certain parcel or tract of lands, lying and being in

To have and to hold unto the said lessee executors, administrators and assigns for and during and unto the full end and term of twenty-one years to be computed from and thenceforth next ensuing and fully to be complete and ended, yielding and paying therefor yearly and every year during the said term unto Her Majesty, her successors and assigns, the rent or sum of dollars of lawful money of Canada, free and clear of and from any deduction, defalcation, or abatement for or in respect of any taxes, rates, levies or assessments, municipal, parliamentary or otherwise, and of and from all impositions of every nature and kind whatsoever, such yearly rent to be paid to the said the Honorable the Minister of the Interior of Canada at his Department in the City of Ottawa, in the Province of Ontario, or to such person and at such place as the said Minister, or his Deputy, may authorize in writing to receive the same, in two semi-annual payments of each, on the day of and in each year of the said term, the first of such semi-annual payments to be made on the date of the execution of these presents.

Provided always and it is hereby understood and agreed by and between the said parties hereto, and it is the true intent and meaning of these presents, that the said demise or lease, of the said lands hereby made for the said term of twenty-one

years, is subject to the several stipulations, terms and conditions hereinafter expressed and contained, that is to say:—

First. That the said lessee executors, administrators and assigns shall and will well and truly pay or cause to be paid the said yearly rent in the manner and on the days and times hereinbefore appointed for the payment thereof, without any deduction, defalcation, or abatement, for or in respect of any taxes, rates, levies, or assessments, municipal, parliamentary, or otherwise, and free and clear of and from all impositions of every nature and kind whatsoever.

Second. That the said demised premises and the building or buildings to be erected thereon shall be used by the said lessee executors, administrators or assigns solely for the purpose of as aforesaid, and that will not exercise or carry on or suffer to be exercised or carried on upon the said premises or in the said building or buildings, any trade, business, profession, calling or occupation, without having previously obtained in writing the license so to do of the said the Honorable the Minister of the Interior of Canada.

Third. That the said lessee executors, administrators or assigns will not, during the said term without having previously obtained the consent in writing so to do of the said the Honorable the Minister of the Interior of Canada, transfer, assign or sub-let the hereby demised premises or any part thereof for the whole or any part of the said term, or otherwise by any act or deed procure the said premises or any part thereof to be transferred, assigned, or sub-let for the whole or any part of the said term.

Fourth. That the said lessee executors, administrators and assigns shall and will well and truly observe, perform, fulfil, and keep the regulations and each and every of them which have been already, or which shall or may be hereafter made by His Excellency the Governor General in Council under and in accordance with the provisions in that behalf contained in the said Act, intituled: "An Act respecting the Rocky Mountains Park of Canada."

Fifth. That upon the breach of any of the stipulations, terms, regulations, or conditions hereinbefore mentioned, and on the part of the said lessee executors, administrators or assigns, to be observed, performed, fulfilled, or abided by, the term hereby granted, or the unexpired period thereof at the time of such breach, shall at the option of Her Majesty, Her successors or assigns, immediately cease and determine, and Her Majesty, Her successors or assigns may thereupon, without any proceedings at law or in equity, re-enter in and upon the said demised premises and resume and again hold, possess and enjoy the same as if these presents had never been executed, in which case the said lessee executors, administrators or assigns, shall not be entitled to ask, demand or receive any compensation or damages in the premises whatsoever, from Her Majesty, Her successors, or assigns, or from the Government of Canada, or from any Department, Minister, officer, agent or servant thereof.

Sixth. That no waiver on behalf of Her Majesty, Her successors or assigns of any such breach shall take place or be binding unless the same be expressed in writing over the signature of the said the Honorable the Minister of the Interior of Canada, or the signature of his Deputy, and any waiver so expressed shall extend only to the particular breach to which such waiver shall specially relate, and shall not be deemed to be a general waiver, or to limit or affect the rights of Her Majesty, Her successors or assigns, with respect to any other or future breach.

Seventh. That no implied covenant or liability of any kind on the part of the said lessor is created by the use of the words "demise and lease" herein, or by the use of any other word or words herein.

And it is hereby agreed by and between the parties to these presents that if at the expiration of the said term of years the said lessee executors, administrators, or assigns, shall be desirous of taking a renewal lease of the said demised premises, and shall of such desire prior to such expiration give to the Minister of the Interior of Canada months' notice in writing, and shall have paid the rent

hereby reserved, and observed, performed, fulfilled and abided by, the stipulations, terms and conditions herein expressed and contained, and on part, to be observed, performed, fulfilled, and abided by, then Her Majesty, Her successors or assigns, shall and will grant unto the said lessee executors, administrators or assigns, the said demised premises for a second term of years, by a lease containing the like stipulations, terms and conditions as are in these presents expressed and contained, except as to the rent to be paid by the said lessee executors, administrators or assigns during such second term, and that the amount of such rent in case Her Majesty, Her successors or assigns, and the said lessee executors, administrators or assigns shall fail to agree thereupon, shall be fixed and determined by the award and arbitrament of three arbitrators, one of whom shall be named by the Minister of the Interior of Canada, another by the said lessee executors, administrators or assigns, and the third by the two so named, and the said arbitrators in fixing the amount of such rent shall calculate the same altogether as ground rent of a parcel of land situated as the said premises shall then be situated, and the value of any buildings, tenements, houses or erections placed thereon by the lessee executors, administrators or assigns, shall not be taken into account in fixing such rent; and the rent so to be fixed and determined shall be payable half yearly as is hereinbefore provided with respect to the rent reserved under these presents and shall commence immediately upon the termination of the term hereby granted.

And it is further agreed that if at the expiration of such second term the said lessee executors, administrators or assigns shall be desirous of again renewing such lease and shall give to the Minister of the Interior of Canada the like notice as is hereinbefore provided with respect to the first renewal thereof, and shall have paid the rent and observed, performed, fulfilled, and abided by the stipulations, terms, and conditions in the first renewal lease expressed and contained, then Her Majesty, Her successors or assigns shall and will grant a further renewal lease to the said lessee executors, administrators and assigns for a further term of years, subject to the like stipulations, terms and conditions as are hereinbefore provided with respect to such first renewal lease, the amount of rent to be payable under such second renewal lease to be fixed and determined in the manner above provided and set forth; and so on at the end of every renewed term; it being the true intent and meaning of these presents that at the end of the hereby granted term of years and also at the end of every renewed term of years, so to be granted as aforesaid, and upon the observance and fulfilment of, and compliance with the like requirements as are hereinbefore provided with respect to such first and second renewals, there shall be granted a further renewed term or lease of the said demised premises, containing the like stipulations, terms and conditions, and at a rent fixed and determined as are hereinbefore respectively provided, and so on for ever.

In witness whereof the said the Honorable the Minister of the Interior of Canada by his Deputy, Alexander Mackinnon Burgess, of the said City of Ottawa, Esquire, and the said lessee have hereunto set their respective hands and seals the day and year first above written.

graphed to our agent at New Westminster on the 5th instant to ascertain the facts in regard to the alleged sale of land at Golden by the Provincial Government. THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 3rd September, 1888.

MY DEAR SIR,—I notice that you advertise the sale of town lots at Golden, B.C., on the 15th September. How will this affect our application now before the Department for station grounds, &c.? We have been under the impression that you would deal with this town site in the same way as was done with Donald, give us a sufficient area for railway purposes, and sell us the rest at $2.50 an acre. It would be far more satisfactory if this were done, as we are in a better position than the Government to keep out whiskey sellers and bad characters generally. Will you kindly let me know what the chances are? It is very desirable, under any circumstances, that our application now in should be dealt with before the sale takes place.

Yours truly,

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 7th September, 1888.

DEAR MR. DRINKWATER,—I have your letter of the 3rd inst. about the proposed sale of town lots at Golden, B.C. on the 15th of this month, and have to assure you that this sale does not affect the application of your company for station grounds at that place, now before the Department, as in the letter of instructions sent to Mr. Aikman the agent of Dominion Lands at New Westminster, on the 13th ult., he was told to be careful not to sell anything inside the reservation which covers the lands applied for by the company as marked on the plan of the town of Golden prepared for the purpose of sale.

I enclose you a copy of that plan.

The decision to hold a public sale of town lots at Golden was authorized by the late Minister. The public have been notified of it for a considerable time and it is considered advisable to let the existing arrangement stand.

Yours truly,
JOHN R. HALL, *Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

I may add that we should be prepared to deal with any squatters on the lands in a manner satisfactory to the Government.

SIR,—With reference to the last paragraph contained in your letter of the 31st December last, letter No. 164591, reference No. 82030, No. 4, which stated that the department was enquiring as to whether a patent could be issued to this company

THE CANADIAN PACIFIC RAILWAY COMPANY.

OFFICE OF THE SECRETARY, MONTREAL, 1st August, 1888.

SIR,—I beg to refer to your letter of the 12th ulto. (letter No. 181080, reference No. 82030(4):—

As regards the south-west ¼ Section 27, Township 14, Range 2, east 1st Meridian, I have to say that our Land Department offered to sell the ¼ section to Joseph Tait, the present occupant, at $2.50 an acre, but up to this time he has not paid the first instalment or settled for the improvements of the original homesteader. The enclosed copies of letters from the Dominion Land Agent at Winnipeg explain the present position.

I think that under the circumstances Mr. Tait should be pressed to come to an arrangement without further delay.

With respect to the other piece of land referred to in your letter for which a patent is required, it should have been stated as the north-east ¼ Section 21, Township 10, Range 22, west 1st Meridian.

I have the honor to be, sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

I am further to add that this land stands in the books of this department as a homestead entry in the name of Francis J. Campbell.

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 29th August, 1888.

SIR,—In reply to your letter of the 17th instant, I am directed to inform you that the north-east ¼ of Section 21, Township 10, Range 22, west of the 1st Meridian, is the land for which a patent is now in course of preparation for the Canadian Pacific Railway Company, and not the south-east ¼ of this section as was erroneously stated in the letter addressed to you from this Department on the 9th of this month.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 29th August, 1888.

SIR,—I am directed to acknowledge the receipt of your letter of the 21st instant, returning to this department the deed of surrender to the Crown of the north ½ of Section 5, and the whole of Sections 7, 31 and 35, all in Township 15, Range 3, west of the 2nd Meridian, duly executed by the proper officers of the company, and I am now to inform you that the title will be passed to the Canadian Pacific Railway Company for the north ½ of Section 5, and the whole of Sections 7, 31 and 35, all in Township 15, Range 3, west of the 2nd Meridian, so soon as this department is notified of the approval of the form sent you a few days ago which is proposed to be used in granting title to lands to your company under the authority of the amendment of last Session to the Territories Real Property Act.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR,
DOMINION LANDS OFFICE, WINNIPEG, 24th August, 1888.

SIR,—I have the honor to acknowledge the receipt of your letter dated the 9th inst. (No. 183274, on Ref. 82030(4) in reference to the south-west quarter of Section 27, Township 14, Range 2, east 1st Meridian, and to inform you that the decision of the Land Board (dated 13th April, 1886) in this matter was that the entry of Mrs. Francis J. Campbell was to be cancelled upon payment of $160 for benefit of Mrs. Campbell's heirs. Mr. Joseph Tait, who wished to acquire the land upon its falling to the Canadian Pacific Railway, has not yet paid the said amount, although he has been notified several times regarding the decision, therefore the question of cancellation is still in abeyance. The Land Commissioner of the Canadian Pacific Railway Company was again advised as to the position of this matter on the 14th of June.

I have the honor to be, sir, your obedient servant,
A. H. WHITCHER, *Agent of Dominion Lands.*

The Secretary Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 28th August, 1888.

SIR,—I have the honor to apply for a patent in favor of this company for the N. W. ¼, Section 1, Township 14, Range 6, west 1st.

At the time the Government survey was made a large portion of this quarter-section was covered by water and only 44 acres are shown on the township diagram as dry land. In dry seasons a large portion of the land shown as covered by water is suitable for hay and grazing purposes, and with this view a purchaser has been found. I beg therefore to request that the patent may issue for the full 160 acres.

I am, sir, your obedient servant,
C. DRINKWATER, *Secretary.*

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 10th September, 1888.

SIR,—I beg to enclose copy of a letter dated 3rd instant, from the Land Commissioner of this company, in relation to the delay in the issue of patents.

Can you do anything to remedy this state of affairs which is likely to get us into trouble?

I have the honor to be, sir, your obedient servant,

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

LAND DEPARTMENT, THE CANADIAN PACIFIC RAILWAY COMPANY,
WINNIPEG, 3rd September, 1888.

DEAR SIR,—We are constantly receiving letters from purchasers who have paid in full for their lands, complaining of the delay which takes place in the issue of their patents. There is also a large number of cases in which we have to issue deeds, and are at a standstill for want of the new forms of deed. I wired you to-day in this matter, and I fear that unless we can give title without much further delay, we are likely to get into a good deal of trouble in consequence.

Patents applied for on the 9th March last have not yet been issued.

Yours truly,
L. A. HAMILTON, *Land Commissioner.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 14th September, 1888.

SIR,—I am directed to acknowledge the receipt of your letter of the 10th instant, and to inform you that the patent for the north-west quarter of Section 19, Township 9, Range 17, west of the 1st Meridian, in favor of the Canadian Pacific Railway Company will be prepared with as little delay as possible.

I am, however, to add that one of the officials, by whom all patents for Dominion Lands must be signed, will be absent from this city for about three weeks, and that consequently the completion of the patent in question, will be delayed during that period at least.

I have the honor to be, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 14th September, 1888.

SIR,—I am directed to acknowledge the receipt of your letter of the 10th instant, enclosing a copy of a letter from the land commissioner of your company complaining of delay in the issue of patents for Dominion Lands, and to inform you that the patents, for the issue of which certificates from your company have been filed here, are now in course of preparation and that the delay in the issue of certain patents during the last two or three months was caused by the change that had to be made in the form of patent, owing to the appointment of the new Governor General, and to his not having appointed a deputy for signing patents until a recent date.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

THE CANADIAN PACIFIC RAILWAY COMPANY,

I have the honor to be, sir, your obedient servant,

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 7th November, 1888.

SIR,—With reference to my application for patents for lands sold to Sir John Lester-Kaye, particulars of which are given in my letter to you of the 16th ultimo.

I shall be glad if you will give instructions that the patents bear date prior to the 27th September last, that being the date of the deeds of conveyance from this company to Sir John Kaye's Company. Sir John's solicitors state that pending the issue of the patents, they are willing to accept a letter from the Department of the Interior, stating that the patents will be issued to this company as applied for.

If the patents are not ready, I should be very much obliged if you will send me such a letter as they ask for, describing therein the lands by section numbers. This will enable us to close matters with Sir John Lester-Kaye and his company, which in the meantime we are unable to do.

I am, sir, your obedient servant,

C. DRINKWATER, *Secretary*.

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 9th November, 1888.

SIR,—I am directed to inform you that letters patent for the N. ½ of Section 5, and the whole of Sections 7, 31 and 35, Township 15, Range 3, west 2nd Meridian, Assiniboia, N.W.T., bearing date the 31st August, 1888, have issued in name of the Canadian Pacific Railway Company, and in accordance with Section 44 of "The Territories Real Property Act," have been forwarded to the Registrar of the Land Registration District of Assiniboia, who will furnish you with a certificate of title free of charge, upon receipt of your application to him therefor, provided he finds the land to be unencumbered.

For this purpose please place yourself in communication with that official, giving him your full name and your post office address.

The Registrar's address is Geo. A. Montgomery, Regina, N.W.T.

I am, sir, your obedient servant,

JOHN R. HALL, *Secretary*.

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 16th November, 1888.

SIR,—I am directed to acknowledge the receipt of your letter of the 7th instant, concerning the lands which have been sold to Sir John Lester Kaye, and to inform you that title to all the lands specified in the enclosed list, except fractional Section 1, Township 23, Range 24, west of the 4th Meridian, is being passed to the Canadian Pacific Railway Company, under the provisions of sub-section 5 of section 9, of the Act 51 Victoria, chapter 20.

A supply of the new form of grant or notification called for by those provisions was received here from the Queen's Printer since my letter of the 18th ultimo, in reply to yours of the 28th September last, and was mailed to your address.

The reason that title cannot yet be passed to the company for fractional Section 1, Township 23, Range 24, west of the 4th Meridian, is that the plan of Township 23 shows a reserve, to the north of the Indian reserve at that place, covering four chains of the land in question, and that the purpose for which these four chains have been reserved is not noted in the records here.

Further action with regard to passing title to this fractional Section 1, has therefore been stayed, pending the receipt here of an explanation concerning this reserve, which the Deputy Superintendent General of Indian Affairs has been requested to furnish.

You will, of course, be duly advised concerning this matter, and you will also be duly informed when the grants, or more correctly speaking notifications, are sent to the registrar.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

DEPARTMENT OF THE INTERIOR, OTTAWA, 18th December, 1888.

SIR,—I am directed to call your attention to the list which you forwarded to this department under cover of your letter of the 28th September last, of certain lands to be patented to the Canadian Pacific Railway Company, which are included in the lands purchased from that company by Sir John Lester Kaye, Baronet; and to state as follows:

All of that part of fractional Section 1, in Township 24, Range 23, west of the 4th Meridian, lying outside the Indian Reserve, in that township, cannot be patented to the company, as a strip of four chains thereof lying between the company's track and the northern boundary of the said Indian Reserve, is in the opinion of the Deputy Superintendent General of Indian Affairs, "Neutral Ground," or ground taken from the reserve and now used by the general public for right-of-way purposes.

This area cannot therefore be included in the land grant to the company; but so much of the section in question as lies to the north of the track will be patented to the company at once.

I am, sir, your obedient servant,

H. KINLOCH *for the Assistant Secretary.*

SIR,—I am directed to request you to furnish this department with descriptions of all lands required by the Canadian Pacific Railway Company for right of way purposes through those sections or parts of sections crossed by the company's line in that part of the Province of British Columbia, particularly the New Westminster district, where the Dominion Government surveys have been made; as although the company has furnished according to law "right of way" plans, these plans do not afford sufficient data to permit of the preparation for insertion in the patent of any one of the sections or parts of sections of land referred to, a description of the portion thereof required by the company in each instance for right of way purposes.

I am, sir, your obedient servant,
P. B. DOUGLAS, *Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 17th January, 1889.

SIR,—I have the honor to state for the information of the Honorable the Minister of the Interior, that this company have, from reliable information, made careful estimate of the available acreage of land which is fairly fit for settlement in the railway belt, and in Southern Manitoba.

The company have already signified their acceptance of 6,524,000 acres as set out in detailed lists. Examinations since made have furnished us with information which will enable us to accept in these areas a considerable quantity of land in addition to the parcels designated in those lists. The company are not in a position at the present time to give these additions in detail, but are satisfied they will amount

to 1,823,440 acres; which, with lands previously accepted as aforesaid will make the total acreage available in the main line belt and in Southern Manitoba 8,347,440 acres.

Under the Act, 1886, the original land grant to the company was reduced by 6,793,014 leaving a balance of 18,206,986 acres, deducting from this the 8,347,440 acres estimated as aforesaid as available lands in the railway belt and Southern Manitoba, there will remain to be selected 9,859,546 acres.

Clause II of the company's charter provides that the deficiency in the land grant therein referred to, shall be made up from other portions of the fertile belt, the boundaries of which are therein described, or elsewhere at the option of the company, by the grant therein of alternate sections extending back twenty-four miles on each side of any branch line or lines of railway to be located by the company, and to be shown on a map or plan thereof deposited with the Minister of Railways.

And by way of further assurance to this company that the area of the said fertile belt should not be diminished by sales or otherwise to such an extent as to prevent getting from it enough land fit for settlement to make up the said deficiency, a portion of the said fertile belt, namely, that comprised between the 52nd and 54th degrees of latitude, and between the 104th and 116th degrees of longitude, was by Order in Council dated 24th October, 1882, set apart and reserved from sale. This reservation being so made as an additional security to this company, but not so as to impair its charter right to get the said deficiency either from this area so reserved, or from other portions of the said fertile belt. The result being that the said area so set apart and such other portions of the fertile belt as should not in the meantime be disposed of by the Crown, remain available for the purpose of providing the said deficiency.

The company having employed their Land Examiners during the past season in the district lying between the Railway Belt and the North Saskatchewan River, which territory takes in the reserve above referred to, they are now enabled to submit a plan showing the approximate location of the branch lines along which they propose to take the lands in question.

The map is submitted herewith and the approximate acreage appertaining to each line is as follows:—

	Gross Acreage.	Net Acreage.
A. Saskatchewan Branch	3,840,000	2,750,000
B. Battle River do	2,750,000	1,850 000
C. Buffalo Lake do	4,500,000	3,000,000
D. Red River do	1,000,000	800,000
E. Prince Albert do	1,000,000	750,000
F. Qu'Appelle and Batoche, ...	(uncertain)	709,546
		9,859,546

The figures in the gross column represent the total area; the net, the estimated actual figures after deducting reserves, lakes, and lands not fairly fit for settlement.

A copy of this map has been deposited in the office of the Minister of Railways as required by the charter.

I have the honor to be, sir, your obedient servant,

C. DRINKWATER, *Secretary.*

SIR,—I am directed to request you to state, in view of certain correspondence which has been received here, whether the Canadian Pacific Railway Company would have any objection to an assignment from a nominee of the company being duly recognized in this department and letters patent being issued in accordance therewith to the assignee.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 3rd August, 1888.

SIR,—I beg to refer to your letter of the 20th ultimo, reference No. 182175, asking whether the company would object to the department recognizing an assign-

ment of a patent, which I assume has been applied for by the company, in the name of a purchaser of land.

You do not state the particular land covered by the patent, and I am, therefore, unable to say whether there would be any objection in this particular case.

I may say generally, however, that I see serious objection to any such practice being recognized.

Patents are frequently applied for at the request of purchasers before final payments have been made, but who are able, when such patents are in possession of our land commissioner, to obtain the necessary funds to complete the purchase. You will see, therefore, how dangerous it would be to follow such a practice as that indicated in your letter.

The objections which are mentioned in your letter referred to have been noted, and due observance will be taken thereof.

SIR,—I beg to return the patent for the S. E. ¼ Section 27, Township 9, Range 23, west 1st, in favor of James Downs Alford and William Thompson.

I am advised that the land titles office in Winnipeg do not consider the reservation of right of way sufficient, they look upon the reservation as expressed in this patent simply as our easement, and not as withholding from the grantees any title to the land. They suggested that the clause should read as follows:—

"Excepting therefrom the land required for right of way of the Canadian Pacific Railway Company, as same as now located across said section containing 6·24 acres."

If this opinion of the land titles office is correct I fear that there have been other similar reservations which will be imperfect. Will you please look into the matter?

I am, sir, your obedient servant,
C. DRINKWATER, *Secretary.*

GEORGE A. MONTGOMERY, Esq., Registrar, Regina.

LAND TITLES OFFICE, REGINA, N. W. T., 13th June, 1888.

DEAR SIR,—Owing to poor health and a press of business, the work in this office is considerably behind, which will explain why the enclosed was not sent before this.

Very truly yours,
GEO. A. MONTGOMERY.

Secretary Department of the Interior, Ottawa.

LAND TITLES OFFICE, REGINA, N. W. T., 13th June, 1888.

In re A. J Wilkinson.

SIR,—Replying to letter No. 176220, reference No. 168355, I have the honor to state that I do not see how I can comply with the request contained in said letter (to return to the department the patent for the east ½ of Section 31, Township 16, Range 7, west 2nd Meridian), for the reason that previous to the receipt of the letter the certificate of title had issued.

The grant from the Crown to Arthur James Wilkinson, was duly received at this office, also an application for a certificate of title from the Canadian Pacific Railway Land Commissioner (accompanied by an order from A. J. Wilkinson *re* delivery of patents). Upon this a certificate of title was issued in the name of Arthur James Wilkinson, and forwarded to the Canadian Pacific Railway Land Commissioner at Winnipeg. Under this state of the case by "The Territories Real Property Act," the letters patent must be retained in this office.

I take the liberty to suggest that the course for Mr. Wilkinson will be to produce evidence to satisfy the Registrar that there is an error in his name in the certificate issued for east ½ of Section 31, Township 16, Range 7, west 2nd Meridian, that he is the person entitled to the certificate and that his name is Arthur Jarvis Wilkinson and not Arthur James Wilkinson as stated in the said cetificate, that Arthur Jarvis and Arthur James, are one and the same person, and upon the Registrar being satisfied of this, the old certificate can be cancelled and a new one issued to him.

I have the honor to remain, sir, your obedient servant,
GEO. A. MONTGOMERY, *Registrar.*

The Secretary Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 9th July, 1888.

SIR,—I have the honor to acknowledge the receipt of your letter of the 13th ultimo, explaining why you cannot comply with the instructions of the department to return here the patent which has erroneously issued, in the name of Arthur *James* Wilkinson, instead of Arthur *Jarvis* Wilkinson, for the east ½ of Section 31, Township 16, Range 7, west of the 2nd Meridian, and suggesting the course which you think should be taken by Mr. Wilkinson to make the matter right.

In reply I have to state that although the course which you suggest would when taken clear the error in question from the records of your office, the records of this department would still show that Arthur James Wilkinson was the name of the patentee for the land in question.

The following course will therefore be adopted, and you will see that the effect will be to clear up the matter in question, both in the records here and in those of your office.

A form of transfer of the land in question, in which the error will be recited will be prepared here and will be transmitted to Mr. Drinkwater, the secretary of the Canadian Pacific Railway Company, so that he may have it executed by the patentee.

Mr. Drinkwater will be requested to return this instrument, when properly completed, to the department, and to send with it the certificate of title which you have granted to Wilkinson for the said land and which the company now hold.

Upon the receipt here of these two documents they will at once be forwarded to you, so that you may register the transfer, cancel the certificate in favor of Wilkinson, and issue a new certificate for the land in favor of the Crown.

This last mentioned certificate will then be transmitted by you to this department, so that it may be recorded in the office of the Registrar General in the Department of the Secretary of State. This department will then be in a position to proceed with the issue of a new patent for the land in favor of the patentee, describing him by his correct name: Arthur Jarvis Wilkinson. Such patent will be transmitted to you immediately after its issue, and upon its receipt you will of course take pre-

cisely the same action as you would take if it was the first and only patent that had issued for such land.

The action to be so taken in this matter will be free of all fees and charges.

I have the honor to be, sir, your obedient servant,

A. M. BURGESS, *Deputy Minister of the Interior.*

GEO. A. MONTGOMERY, Esq., Registrar, Regina.

THE CANADIAN PACIFIC RAILWAY COMPANY.

OFFICE OF THE SECRETARY, MONTREAL, 25th September, 1888.

East half Section 31, *Township* 16, *Range* 7, *West 2nd Meridian.*

SIR,—The patent for the above half section was returned to you for correction by the Registrar at Regina, and the purchaser, Mr. Wilkinson, is urgently pressing us for the return of the patent to enable him to obtain his certificate of title. I shall be glad to hear from you that the patent has been forwarded to the Registrar.

I am, sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior. Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 5th November, 1888.

SIR,—I am directed to inform you, in reply to your letter of the 25th September last, that the patent which issued to Arthur Jarvis Wilkinson, under the name of Arthur James Wilkinson, for the east half of Section 31, Township 16, Range 7, west of the 2nd Meridian, was forwarded in accordance with the provisions of Section 44 of "The Territories Real Property Act," to the Registrar of the Land Registration District in which that half section is situated; that after the receipt by the Registrar of such patent he delivered to the patentee a certificate of title for the said land, and that it will therefore be necessary for the latter to execute the within form of release to the Crown, have it otherwise completed, and then return it with the certificate of title to this department, before any steps can be taken towards the preparation of a new patent, for the land in his correct name, "Arthur Jarvis Wilkinson."

Immediately upon the receipt here of the documents referred to they will be sent to the Registrar who will record the transfer; cancel the certificate to Mr. Wilkinson; issue a new one in favor of the Crown, and send the latter here to be recorded in the office of the Deputy Registrar General.

This department will then complete the issue of a new patent to Mr. Wilkinson in his correct name, and send it to the Registrar who will retain it and send Mr. Wilkinson a certificate to replace the one he now holds.

The Registrar has been informed that no fees are to be exacted by him in this matter.

I am, sir, your obedient servant,

H. KINLOCH, *for the Assistant Secretary.*

DEAR MR. SCARTH,—With respect to the letter of Mr. McLean, returned herewith, I beg to say that Section 21, Township 24, Range 1, west of the 5th Meridian, referred to by Mr. McLean, is within the land grant to the Canadian Pacific Railway Company, but that this company have not, so far, made any application for the issue of patent therefor.

C. & M. H. Co.'s SECTION, CALGARY, N. W. T., 18th February, 1888.

W. B. SCARTH, Esq., Winnipeg.

DEAR SIR,—I have your letter of the 31st January, 1888. Will you please inform me when you will probably get the patent for Section 21, Township 24, Range 1, west 5? I am anxious to eject the squatter at the spring sitting of the court, and it will be necessary to have the patent and transfer, or else that the suit be brought in the name of the Canadian Pacific Railway or North-West Land Company.

Could you not get the patent issued to the Calgary and Medicine Hat Land Company, Limited? This will simplify matters. Please let me hear from you on the subject.

Yours, &c.,

T. A. McLEAN,

For Canada and Medicine Hat Land Co., Limited.

DEPARTMENT OF THE INTERIOR, OTTAWA, 10th April, 1888.

DEAR MR. SCARTH,—I return the papers which you sent me respecting Section 21, Township 24, Range 1, west of the 5th Meridian.

The application for patent has been received, but the preparation of the patent has been stayed pending the receipt of information from Mr. Drinkwater regarding the survey of the boulevard running through the section.

Yours sincerely,

THE CANADIAN PACIFIC RAILWAY COMPANY,

OFFICE OF THE SECRETARY, MONTREAL, 26th June, 1888.

SIR,—Will you please read the enclosed correspondence respecting Section 21, Township 24, Range 1, west 5th Meridian, in connection with the proposed boulevard at Calgary.

As the Medicine Hat Land Company are pressing for their patent, can one be issued covering the conditions they want, as described in the letter of the Land Company attached to the papers?

I am, sir, your obedient servant,
C. DRINKWATER, *Secretary.*

JOHN R. HALL, ESQ, Secretary Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
LAND DEPARTMENT, WINNIPEG, MAN., 15th June, 1888.

DEAR SIR,—Referring to your letter of the 12th inst., Sections 15 and 17 are free, so far as our books are concerned, except that Section 15 has been conveyed to the townsite trustees and Calgary townsite is laid out thereon.

This concurrence would, therefore, be required in the proposed boulevard north of the Bow River, on this section.

Yours truly,
L. A. HAMILTON, *Land Commissioner.*

THE CANADA NORTH-WEST LAND CO., LIMITED, WINNIPEG, 6th June, 1888.

Re Calgary and Medicine Hat Land Co.

DEAR DRINKWATER,—I enclose you a letter just received from Mr. Hiley with regard to the boulevard of Section 21, Township 24, Range 1, west 5th Meridian, belonging to this company. I presume his letter is sufficient. Will you please have the patent issued as soon as possible?

Yours truly,
W. B. SCARTH, *Managing Director.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

Mr. Scarth requested me to sign for him—F. C. CAMPBELL.

CALGARY AND MEDICINE HAT LAND COMPANY (LIMITED),
32 GREAT GEORGE STREET, WESTMINSTER, S. W., 18th May, 1888.

DEAR MR. SCARTH,—Your letter of the 3rd instant with enclosures arrived this morning. We are quite willing to give that portion of the land shown on the tracing which I return to you enclosed, so far as it is on our property, provided that the adjoining owners to the extent shown on the plan do the same thing; provided also that the boulevard is made by the railway company or by the Department of the Interior (it is not quite clear from the letters who undertakes the construction) within a reasonable time, say 12 months; and provided also there is no interference with our right of way, or with the right of way of those who may purchase from us, or hold under us across the land so given; what I mean by the last sentence is that nothing must be put up to prevent anyone on Section 21 having full access to the river. I have no doubt there is not the slightest intention to do this, but I mention it to make the point quite clear. I shall be much obliged if you will represent to the proper authorities that we are very desirous that this patent should be issued without any further delay, as Mr. McLean tells me until he gets it he cannot commence his action against the squatter McHugh who has settled on our land, and as you will understand we are most anxious this action should be commenced and finished straight off.

Yours faithfully,
J. H. HILEY.

W. B. SCARTH, Esq., M.P., Canada North-West Land Company, Winnipeg, Man.

THE CANADA NORTH-WEST LAND COMPANY LIMITED, WINNIPEG, 3rd May, 1888.

Re Patent for Section 21, Township 24, Range 1, west 5th Principal Meridian.

DEAR SIR,—I am duly favored with yours of the 30th informing me that the delay of the patent for the above is owing to the intention of constructing a boulevard along the Bow River, as shown on the tracing which you enclosed me.

I think it is within your knowledge that this company sold this section to the Calgary and Medicine Hat Land Company, on the 15th June, 1883, therefore I can say nothing without consulting the latter company. I have forwarded your letter to the secretary of that company with the tracing. When Mr. Hiley (one of the directors of the Calgary and Medicine Hat Land Company) was here I mentioned the proposed boulevard to him, and was under the impression that he approved of it and saw that it improved the value of their section, still I could not, on the strength of this conversation, consent, as it might give rise to legal complications between this company and the Calgary and Medicine Hat Land Company.

Yours truly,
W. B. SCARTH, *Managing Director.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

HOUSE OF COMMONS, OTTAWA, 30th March, 1888.

MY DEAR SIR,—I enclose you correspondence with reference to Canada North-West Land Company's request for a patent for Section 21, Township 24, Range 1, west of the 5th Principal Meridian, which it seems was sent to you on the 21st February. Will you kindly let me know the position of matters?

Yours truly,
W. B. SCARTH.

DEAR MR. PEARCE,—I send you enclosed a copy of a letter addressed to the Secretary of the Canadian Pacific Railway Company, respecting the survey of a boulevard across Section 21, Township 24, Range 1, west of the 5th Meridian, and also a copy of the tracing which accompanied that letter.

I also send you a copy of the communication received from Mr. Drinkwater in reply and of the correspondence therewith enclosed.

As I understand the matter, it is proposed simply to survey this boulevard and allow the corporation to construct it.

Please report on the subject as quickly as possible, by telegraph if necessary, addressing me care of the Commissioner at Winnipeg.

Yours very truly,

SIR,—With reference to the issue of a patent for Section 21, Township 24, Range 1, west of the 5th Meridian, which is again referred to in your letter of the 13th ultimo, I am directed to refer you to the letter addressed to you by the Deputy Minister of this department on the 6th July last, and to enclose for your information a copy of a letter from Mr. Superintendent Pearce, dated the 21st of that month.

If the Canadian Pacific Railway Company will consent to the issue of the patent, minus that portion included in the boulevard surveyed along the bank of the Bow River, the patent will be issued without any delay.

I am, sir, your obedient servant,

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 17th September, 1888.

SIR,—I beg to refer to your letter of the 1st instant respecting the patent for Section 21, Township 24, Range 1, west 5th Principal Meridian, Reference, No. 172614.

I enclose copy of a letter dated 12th August, from the Managing Director of the Canada North-West Land Company, from which you will see that the immediate issue of this patent is of importance.

It appears that the Calgary and Medicine Hat Land Company, the purchasers of the section in question do not object to the reservation for the proposed boulevard,

but they make the reasonable request that the right of access to the river should be secured to them.

I hope you may be able to issue a patent in this form with as little delay as possible.

I have the honor to be, sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

THE CANADA NORTH-WEST LAND COMPANY, LIMITED,

WINNIPEG, 12th August, 1888.

DEAR SIR,—I have yours of the 10th, enclosing correspondence relating to the issue of patent for Section 21, Township 24, Range 1, west 5th Meridian, sold by this company to the Calgary and Medicine Hat Land Company.

You ask me to return the correspondence and say it will be satisfactory to issue the patent subject to the boulevard reservation. Unfortunately the only reply I can give is contained in the letter from Mr. J. Hiley to myself, dated the 18th May, 1888, which forms part of the correspondence. You will observe, in Mr. Drinkwater's letter to me of the 13th ult., that he says "the Calgary and Medicine Hat Land Company attach so many conditions to the concession that the department find difficulty in determining the precise way of giving effect to them."

These conditions are laid down in the before referred to letter from Mr. Hiley to myself, and I have no authority to alter them. They appear to be reasonable to me and I cannot see why the Government object to them.

Mr. Pearce, in his letter to Mr. Hall, claims that because the boulevard was laid out in 1885 that therefore both as to Sections 15 and 21 it should stand.

Now Section 15 was sold (with all other townsites) to the trustees in 1882, and Section 21 was sold to the Canada North-West Land Company, Limited, on the 15th June, 1883, and by them immediately sold to the Calgary and Medicine Hat Land Company, Limited. With regard to Section 15 I don't think that there will be any difficulty. The trustees will no doubt not object to the boulevard, but with regard to Section 21 I cannot move except as directed by the Calgary and Medicine Hat Land Company, of which Mr. Hiley is secretary.

I am afraid if the patent is not issued at once that this company will get into trouble, as the Calgary and Medicine Hat Land Company cannot commence an important ejectment suit without the patent. We have been paid in full for the land and they demand a title from us.

Yours truly,

W. B. SCARTH, *Managing Director.*

L. A. HAMILTON, Esq., Land Commissioner Canadian Pacific Railway Co., Winnipeg.

DEPARTMENT OF THE INTERIOR, OTTAWA, 16th October, 1888.

SIR,—I am directed to enclose herewith a copy of a letter dated the 17th ultimo, which has been received here from the Secretary of the Canadian Pacific Railway Company, and a copy of the enclosure which he forwarded to this department with that communication, and to ask you whether you consider the request of the company should, or should not, be granted.

The acting Deputy of the Minister of the Interior suggests that access to the river should be given at convenient points, and I am also to ask you if this suggestion can be carried out.

I have the honor to be, sir, your obedient servant,

H. KINLOCH, *for the Assistant Secretary.*

WILLIAM PEARCE, Esq., Superintendent of Mines, Calgary.

OFFICE OF THE SUPERINTENDENT OF MINES,
CALGARY, 24th October, 1888.

SIR,—In reply to your letter of the 16th instant, reference 172614, I cannot understand the following sentence in a letter of the Secretary of the Canadian Pacific Railway, dated the 17th ultimo:

"It appears the Calgary and Medicine Hat Land Company, the purchasers of the section in question, do not object to the reservation for the proposed boulevard, but they make the reasonable request that the right of access to the river should be secured to them."

This boulevard, being a public highway, can be used by the owners of 21 the same as by anyone else, and being a highway, it cannot be closed except by the North-West Council; it would appear as if they feared it might be disposed of to other parties.

If the Government had the right to lay out said boulevard across 21, irrespective of the owners thereof, then no reference need be made to them; if that right did not exist, and they are willing to grant it to them, patent might issue, reserving said boulevard as a public highway for all time, restraining the North-West Council from disposing of it and from closing it, except by consent of all parties owning land immediately adjoining on said Section 21.

It may be that they want access for stock to run across said highway, say by means of a tunnel or tunnels, bridge or bridges; if by tunnels, they might be granted the right to tunnel under so long as the roadway was not interfered with; if by bridge over roadway, the under timbers to clear roadway by at least 14 feet.

If by carrying roadway over for cattle access or for whatever other purpose may be necessary, they to have right to construct same so long as the grade to the top of bridges from road did not exceed one foot in twenty.

They might be also granted the right to divert from river and carry across said boulevard by pipes any open ditch, any water, so long as the roadway was left in as good condition as when such were done. It may possibly be that they desire to control the bank of the river, in which case I see no objection to diverting this boulevard across 21, back from bank of river say one, two, three or even as much as five chains, so long as it is not brought up on side of hill. It may be such diversion would, in the opinion of the owners, be of benefit, giving a river frontage for villa lots or manufacturing purposes.

It might be mentioned that the reservation of this boulevard has greatly enhanced the value of this section.

Had such not been made there is no likelihood that the Bowmarsh bridge, which crosses the Bow River on Section 16, would ever have been constructed, and without the construction of said bridge a stone quarry opened on said section would never have been opened.

By reason of the erection of said bridge the value of Section 21 is probably doubled, also the value of Section 17, north of the Bow River, owned by the Canadian Pacific Railway Company, and also many other lands of that company have greatly increased in value, so that for every dollar's worth of land relinquished for said boulevard, every party who did so has already received $10, and the benefits will still further rapidly improve year by year.

I have the honor to be, sir, your obedient servant,
WM. PEARCE, *Superintendent.*

To the Secretary Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 5th November, 1888.

SIR,—I am directed to call your attention to your letter of the 17th September last, enclosing a copy of a letter from the Managing Director of the Canada North-West Land Company, upon the subject of access across the boulevard which has been surveyed and laid out on Section 21, Township 24, Range 1, west of the 5th Meridian, and to enclose you a copy of a communication addressed to the Secretary

of this Department, by Mr. Superintendent Pearce, on the 24th ultimo, which contains the views of the latter in the matter.

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 16th July, 1888.

SIR,—I beg to acknowledge the receipt of the order from Christie Lamont for the delivery to you of the patent for the east half of Section 19, Township 9, Range 18, west of the 1st Meridian, which order, with several others and the usual requisition for the issue of the letters patent for the different lands mentioned in such requisition, were received here on the 25th ultimo, and to inform you that Mrs. Lamont's order has been duly entered in the order book of this department, but that no steps can be taken at present towards the issue of such patent for the following reasons:—

Until lately it was the practice of this department to issue letters patent for Dominion lands in the Province of Manitoba, which are claimed by the legal representatives of a person to whom, had he lived, such patent would have issued, but who has died prior to the issue thereof, in favor of his executor or executors, if he left a will, or in favor of the administrator or administrators of his estate and effects if he died intestate. The legality of this course has been, however, questioned, and

the whole subject is now before the Deputy Minister of Justice, to whom it has lately been referred. Until his opinion has been received by this department, no steps can be taken towards the issue of letters patent for any of the lands which are respectively claimed by representatives of deceased persons, as above stated.

In the event of the Department of Justice deciding that the former practice of the department may still be continued, it will of course be necessary for Mrs. Lamont to file here letters of administration, or a copy thereof, duly certified as such by the proper officer of the court from which the letters are or have been granted, to the estate and effects of her deceased husband, Hugh Lamont, before any steps can be taken towards the preparation of the patent for the east half of Section 19, Township 9, Range 18, west of the 1st Meridian.

You will be advised of the purport of the opinion of the Department of Justice on the subject above referred to, immediately after that opinion has been received here.

I am, sir, your obedient servant,
LYNDWODE PEREIRA, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 29th October, 1888.

SIR,—I am directed to inform you, that since you were written to on the 16th July last, concerning the issue of a patent for the east ½ of Section 19, Township 9, Range 18, west of the 1st Meridian, the Deputy Minister of Justice has advised this department that the necessary action has been taken by the Legislature of the Province of Manitoba to remove all doubt as to whom letters patent should issue, under the provisions in that behalf contained in "The Manitoba Real Property Act" and Acts amending that Act, for lands in that Province, which are claimed by representatives of the deceased, entrants for such lands; and that in all such cases the patent is to issue in the name of the executor of the deceased, if he died leaving a will, or in the name of the administrator of his estate and effects, if he died intestate.

I am therefore to state that as it appears that Hugh Lamont died intestate, a patent will issue for the east ½ of Section 19, Township 9, Range 18, west of the 1st Meridian, in the name of Mrs. C. Lamont, when she files here the document called for by the before-mentioned letter of the 16th July last, namely, letters of administration, or a copy thereof duly certified as such by the proper officer of the court from which the original letters are to or have been granted, naming her as the sole administratrix to the estate of the late Hugh Lamont.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 29th October, 1888.

SIR,—I am directed to state that an entry cannot be made in the order book of this department of an order signed by Hugh Ryan for the delivery to you of one of his patents, as in such order the land in question is described as the south half of Section 19, Township 7, Range 11, west of the 1st Meridian, and in the requisition from your company for the issue of this patent and others, it is described as the south half of Section 19, Township 11, Range 7, west of the 1st Meridian. Until this mistake has been corrected, and the question, now being considered by the law officers of the Crown, "Are the Canadian Pacific Railway Company entitled to lands required by them for right of way purposes in fee simple or only as an easement"

has been settled, no steps can be taken towards the preparation of the patent in question to Mr. Ryan.

TRENTON, 31st December, 1888.

SIR,—I am writing you thinking I am writing to the proper person. If not, please forward to proper Minister. I purchased some land in the North West Terri-

tories some years ago from the Canadian Pacific Railway Company and on the 31st of March last I completed my payments and am now waiting my patent from the Canadian Pacific Railway Company, or whatever source it should come, nearly nine months. I have written L A. Hamilton, of Winnipeg, twice since and have received the same reply, only waiting for the papers from Ottawa. Now, sir, if you think it proper for me to wait nine months to have papers signed at Ottawa and keep me from rights to deal with my own property, I do not think it justice. When I was not to date with my payments I was charged interest on same. My purchase was for south-west quarter Section 23, Township 17, Range 25, west of the 2nd Meridian. I trust I will have an early reply and your earnest attention.

Respectfully yours,

DEPARTMENT OF THE INTERIOR, OTTAWA, 24th November, 1888.

SIR,—I am directed to acknowledge the receipt of a requisition from the Canadian Pacific Railway Company for the issue of letters patent in favor of Henry Edward Willmott, John Gillies, John Wright, Robert Thompson, James Beyhan, John Wright, James Leech, John Cumming, John Sproat, and John Sproat, F. C. Willmott, Alexander W. Brown and Elizabeth Sproat, as executors and executrix of John Sproat, deceased, for the lands set opposite their respective names in such requisition, and to state that John Cumming's patent is now in course of preparation. As orders from the other persons above named for the delivery of their respective patents to you accompanied the requisition, you will be advised by separate letter with regard to the patent in each instance.

I am, sir, your obedient servant,

H. KINLOCH, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 24th November, 1888.

SIR,—I am directed to acknowledge the receipt of the order from John Wright authorizing the delivery to you of his patent for the west half of Section 21, Township 8, Range 26, west of the 1st Meridian, and to state that an entry thereof has been made in the order book of this department.

I am also to inform you that the patent in question is now in course of preparation, and will be forwarded to your address when issued.

I am, sir, your obedient servant,

H. KINLOCH, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 24th November, 1888.

SIR,—I am directed to acknowledge the receipt of the order from the executors and executrix of the last will and testament of the late John Sproat, authorizing the

delivery to you of the patent for the whole of Section 9, Township 12, Range 17, west of the 1st Meridian, and to state that an entry thereof has been made in the order book of this department.

I am, however, to inform you that the preparation of the patent in question cannot be proceeded with until satisfactory letters probate of this will are filed here.

By the requisition from your company in which the issue of this patent is asked for the patentees are described as follows :—

John Sproat, of the township of Esquesing, in the county of Halton, in the Province of Ontario, farmer ; Fredk. C. Willmott, of the township of Trafalgar, in the county of Halton, Province of Ontario, farmer ; Alexander W. Brown, of the township of East Flamboro', in the county of Wentworth, Province of Ontario, Esquire ; and Elizabeth Sproat of the said township of Trafalgar, widow, the executors and executrix named in the last will and testament of John Sproat, late of the said township of Trafalgar, farmer, deceased, and John Sproat, of the said township of Esquesing, farmer."

Is the last named John Sproat the same person as John Sproat the executor in this case ; and is he son of the deceased ? If so, were he and the deceased joint purchasers each of an undivided half interest of the land in question ?

In other words I am to request you to state what proportion of the land was the deceased, and what proportion is the present John Sproat, in his individual capacity, respectively entitled to.

You will please bear in mind that, in the opinion of the law officers of the Crown, that where a person entitled to lands in Manitoba dies prior to the issue of the patent therefor, such patent must issue in favor of the executors of the last will and testament of the deceased, if he left one, and in favor of the administrators of his estate and effects, if he died intestate.

In the present instance the patent must, therefore, grant to the executors and executrix of John Sproat, deceased, so much of the land in question only as would have been patented to him had he lived, and must grant to the present John Sproat in his individual capacity the remainder of the land.

I am also to remind you that the law officers of the Crown have advised this department that the only letters probate which should be recognized here in connection with the issue of a patent for lands in Manitoba are those which have been granted by the proper court of that Province.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

GEORGE E. FOSTER.

DEPARTMENT OF THE INTERIOR, OTTAWA, 23rd November, 1888.

SIR,—I am directed to acknowledge the receipt of a requisition from the Canadian Pacific Railway Company for the issue of letters patent in favor of Arthur Hislop for the north-east quarter of Section 25, Township 8, Range 5, west of the 2nd Meridian, and in favor of the Canadian Agricultural, Coal and Colonization Company (Limited), for Sections 1 and 5, both in Township 18, Range 17, west of the 2nd Meridian, and to inform you that Hislop's patent is now in course of preparation, but that the issue of the patents to the Canadian Agricultural, Coal and Colonization Company has been stayed pending the receipt here of the law officers of the Crown as to the estate of the Canadian Pacific Railway Company in the land required and used by them for right of way purposes.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary*.

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 27th December, 1888.

SIR,—I am directed to call your attention to the requisition dated the 1st October last, and duly executed by "The Canadian Pacific Railway Company," whereby the issue of letters patent is applied for in favor of Archibald Hislop, for the north-east quarter of Section 25, Township 8, Range 5, west of the 2nd Meridian, and in favor of "The Canadian Agricultural, Coal and Colonization Company, Limited," for all of Sections 1 and 5, in Township 18, Range, 17, west of the 2nd Meridian, excepting 15·70 acres of Section 1, and 24·50 acres of Section 5, required by "The Canadian Pacific Railway Company" for right of way purposes; and to state as follows with regard to the said Sections 1 and 5:—

The effect of issuing the patent for these two sections in accordance with the requisition to which I have drawn your attention, would be the loss of 40·20 acres to the Government, and the gain of that area to your company. Prior to the inauguration of the present system of issuing patents in favor of your company's nominees, in accordance with requisitions to that effect these two sections would have been patented in the name of your company, and the total area thereof debited to the total area of the land grant to which they are entitled.

The fact that this department has consented to issue patents direct to the company's nominees, thus saving the company and the nominee in each case considerable trouble and expense, should not, of course, result in loss to the Government.

Consequently in the patents for these two sections the right of way of your company cannot be provided for; and if such patents are to issue in the name of "The Canadian Agricultural, Coal and Colonization Company, Limited," it will be

necessary for you to file here a new requisition applying for the issue of patents for all of the said Sections 1 and 5, in the name of that company. If this be not done the only course left to the department will be to issue patents for the two sections in question in the name of your own company.

I am to request you to give this matter your earliest attention.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 9th January, 1889.

DEAR HALL,—I am keeping by me the Assistant Secretary's letter of the 27th ultimo, reference No. 190,436, and several others written about the same time on the same subject, until I hear from you.

As I stated to you verbally the other day there is evidently some misapprehension in the mind of the writer of these letters in regard to the acreage of our right of way.

It is desirable that this matter should be set right without delay, and I shall be glad if you will look into it as soon as possible.

Yours very truly,
C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 26th January, 1889.

SIR,—I have the honor again to refer to the letter of the 27th ultimo, from Mr. Kinloch, your assistant, to me, concerning the question whether this company is entitled to a grant of the land required for its right of way, in addition to lands which are granted to it as part of the subsidy of 25,000,000 acres mentioned in its charter.

Mr. Kinloch suggests, in effect, that this company is not entitled to both quantities.

As I mentioned to you verbally at different times and in my letter of the 9th instant, I supposed that Mr. Kinloch's letter, and some others in the same direction, had been written under a misapprehension, but I continue to receive letters containing the same suggestion, and I wish now to call your attention officially to the matter, so that it may be disposed of.

This company claims that by the terms of the original contract, the Government is to grant out of the public lands not only the 25,000,000 acres of land by way of subsidy, but in addition thereto, under section 10, the land required for the road-bed of the railway and for its stations, station grounds, workshops, buildings, yards and other appurtenances required for the convenient and effectual construction and working of the railway.

According to this provision the company may ask for a separate grant out of the public lands, of the land required for these purposes, which include its right of way and the 25,000,000 acres must be provided out of the public lands over and above that which may be required for any of the purposes above mentioned.

It is to be noticed that there is no limit to the quantity of land to be thus granted for right of way, stations, &c., and there can be no debit and credit account kept regarding the acreage required for these purposes, so that the question which Mr. Kinloch suggests, that is, the loss to the Government, and the gain to the company, of 40·20 acres, or any other quantity, can never arise, this company being entitled as aforesaid, in addition to 25,000,000 acres, to so much of the public lands as may be required for right of way, stations, &c., regardless of its quantity.

I suppose there would be no room for argument on this question and no confusion in the mind of any one if this company should, in the case of each parcel of land, through which its line runs, ask first for a grant of the land required for its right of way, stations, &c., and afterwards for a grant of the remainder of the section on account of the subsidy. This course would be new, but would make it plain on each occasion that only the acreage of that remainder could be charged against the 25,000,000 acres. It is seldom convenient, however, to follow this course, and that which has hitherto prevailed is to ask for a grant of the whole quantity, reserving out of it the portion that may be required for right of way, stations, &c., with the expectation and intention that this remainder only would be charged against the subsidy.

I am respectfully to submit that it would be more convenient to follow the practice which has hitherto prevailed than to adopt the new one which I have pointed out, as one which would remove any room for argument on the subject: because the new one would involve, in the case of every parcel, the necessity for making two separate applications, first, one for a grant of the land required for right of way, stations, &c., and the second for a grant of the remainder of the section on account of the subsidy.

I am instructed, therefore, to express the hope that the former practice may be continued and that this company may, as to each parcel, ask for a grant of it; the language of the patent being such as will reserve so much of it as may be required for right of way, stations, &c., on the understanding that the acreage of this reservation will not be charged against the 25,000,000 acres of subsidy, but that it will be granted separately under section 10 aforesaid, as part of the land required for road-bed, stations, &c.

I have the honor to be, sir, your obedient servant,

C. DRINKWATER, *Secretary.*

DEPARTMENT OF THE INTERIOR, OTTAWA, 29th December, 1888.

SIR,—I am directed to acknowledge the receipt of the application of the 29th ult., in which the issue of a patent in favor of Helen Wilkie, as administratrix of the estate of the late Isabella D. Wilkie, for all of the north-west quarter of Section 31, Township 10, Range 17, west of the 1st Meridian, "excepting and reserving therefrom five acres and ninety-seven hundredths of an acre, more or less, right of way of the Canadian Pacific Railway Company as the same is now located and constructed across the said land," as well as the issue of other patents, is applied for and to state as follows:—

In the first place the reservation of the land required by your company for right of way purposes cannot be provided for in the patent for the said quarter Section for the reason stated in the letter recently addressed to you upon that subject, 190436 of this department. The patent must issue for the whole quarter section either in the name of your company, or in favor of Mrs. Wilkie; and if it is to issue in her favor then it will of course be necessary to file here a new application authorizing the issue of the patent to her for all of the quarter section.

In the second place (and in the event of the issue of the patent to Mrs. Wilkie) the law officers of the Crown have advised this department that where an entrant for land in the Province of Manitoba dies prior to the issue of a patent therefor such land under the law of that Province passes to the personal representatives of the deceased. The patent to which Isabella B. Wilkie would have been entitled had she lived must therefore issue in favor of the executor or executrix named by her in her last will and testament, if she left one, or in favor of the administrator or administratrix of her estate and effects if she died intestate.

In the former case it will therefore be necessary to file here letters probate of the will of the deceased with a copy of such will annexed, and in the latter case letters of administration. A copy of the letters probate, or letters of administration, duly certified as such by the clerk of the court from which the same have been or may be granted, will suffice for the purposes of this department in case the applicant may require to retain the original for some other object. This department has also been advised by the law officers of the Crown that the only letters probate or letters of administration which can be recognized here in connection with the issue of a patent for lands in Manitoba, where the original entrant has died prior to the issue of the patent, are those granted by the proper court of that Province.

I am, sir, your obedient servant,

H. KINLOCH, *for the Assistant Secretary.*

The law officers of the Crown have advised this department that the only letters probate or letters of administration which can be recognized here in connection with the issue of a patent for land in Manitoba, where the original entrant therefor has died prior to the issue of the patent, are those granted by the proper court of that Province.

Consequently the necessary action will have to be taken to prove the will of the late Mr. Harrison in the Surrogate Court for the Judicial District of Manitoba in which the land in question is situated and the original letters probate, granted by that court, or a copy thereof duly certified as such by the clerk or registrar of that court, will have to be filed here before any steps can be taken towards the preparation of the patent to Mr. Wilmot and Mrs. Harrison.

The copy which was received here from you of the letters probate of the said will which were granted in the Surrogate Court of the County of York, in the Province of Ontario, is therefore returned herewith.

(*North-West ¼ Section* 17, *Township* 7, *Range* 13, *West* 1*st Meridian, Manitoba, Canadian Pacific Railway Lands, J. H. Willoughby, Applicant.*)

DEAR SIR,—I am solicitous of obtaining information respecting the issuance of a patent for the N.-W. ¼ Section 17, Township 7, Range 13, west 1st Meridian, County of Norfolk, Manitoba, from your department. My client is an applicant for the patent of this ¼ section from the Canadian Pacific Railway Company.

About the close of September last, I was informed by the company's Chief Commissioner of Lands, Mr. N. A. Hamilton, to sign an order for the re-delivery of the

patent by your department to him for registration in the company's and land registry offices, and advised that the patent would then be duly issued by your department and forwarded in due course to me. Upwards of three months have now passed away and I have grown weary of waiting its receipt. Would you kindly advise whether Mr. J. H. Willoughby's patent for the above ¼ lot has yet been issued by the department? According to my knowledge the application therefor has been lodged in your office for 10 or 11 weeks at least, and the delay appears to me most unaccountable, and is, anyway, most vexatious. Would you kindly advise me what progress has been made?

I am, dear sir, yours respectfully,

J. H. T. BLEASDELL,

P. O. Box 78.

Solicitor for J. H. Willoughby, Applicant.

A. M. Burgess, Esq., Deputy Minister of the Interior, Ottawa.

Willoughby for the north-west quarter of Section 17, Township 7, Range 13, west of the 1st Meridian, was only received in this department on the 15th of last month, and that although Mr. Willoughby's order for the delivery of the patent for this land is dated the 2nd October last, it only reached here on the same day as the requisition.

A patent for this land is now in course of preparation and when completed will be forwarded to Mr. Drinkwater, the secretary of the company.

I am, sir, your obedient servant,

A. M. BURGESS, *Deputy of the Minister of the Interior.*

DEPARTMENT OF THE INTERIOR, OTTAWA, 11th July, 1888.

SIR,—I have the honor to acknowledge the receipt, this day, of your letter of the 7th instant, stating that the crown timber agent at New Westminster, British

Columbia, has refunded to Mr. P. Joyce, who, you infer, is an agent of this department, the sum of $40.50, dues on ties cut by the Canadian Pacific Railway Company on an Indian reserve, and, in reply, I beg to inform you that this department has no agent of that name in British Columbia or elsewhere.

That department, however, states that he is not, and I am to ask you to advise this office who Mr. Joyce is, and what authority he had for receiving the refund mentioned in the statement which accompanied your communication of the 26th May last, No. 1324.

I am, sir, your obedient servant,

SIR,—I have the honor to acknowledge the receipt of your letter of the 18th July, No. 17311, reference No. 142313, referring to mine of the 20th June, in which I stated that the refund to P. DEPARTMENT OF THE INTERIOR,

TIMBER AND MINE BRANCH, OTTAWA, 9th October, 1888.

SIR,—I am directed to acknowledge the receipt of your letter, dated the 8th instant, No. 1505, enclosing a statement of cordwood and ties cut by or for the Canadian Pacific Railway Company, from 1st April, 1888, to the 30th June, and advising this department of having deposited to the credit of the Receiver General the sum of $4,031.39 to cover the dues collected thereon, the deposit receipt for which has been received.

T. S. HIGGINSON, Esq., Crown Timber Agent, New Westminster, B.C.

NEW WESTMINSTER, 2nd October, 1888.

MY DEAR RYLEY,—In my returns I place moneys received from the Canadian Pacific Railway Company for dues on ties, cordwood, &c., under head of permit, but these do not appear in my permit book, for the reason that no written permits have ever been issued to that company. They cut everywhere along the line where that class of wood is to be found (close to the line), and I am anxious to have it so cut, on account of forest fires, which are annually occurring.

I am thus explaining, in case one of these days you asked for their permits when none are issued.

I am yours,
T. S. HIGGINSON, *Dominion Crown Timber Agent.*

G. U. RYLEY, Esq., Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 12th October, 1888.

SIR,—I am directed to acknowledge receipt of your letter of the 2nd instant, No. 1558, in which you give your reasons for not having issued a written permit to the Canadian Pacific Railway Company to cover the quantity of timber cut by their contractors.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

Subject—Crown dues on Cordwood.

DEAR SIR,—Replying to yours of 8th instant, with regard to mine of the 21st ult., together with statement showing the quantity of cordwood taken out on your division during season 1887-88, I will say that I have this day issued a voucher to your credit for the 857⅛ cords as requested. Amount $214.28.

Yours truly,
L. O. GENEST, *Assistant Storekeeper.*

T. S. HIGGINSON, Esq., Crown Timber Agent, New Westminster.

NEW WESTMINSTER, 8th October, 1888.

DEAR SIR,—I am in receipt of yours of the 21st ult. enclosing statement of wood, ties, &c., cut during the winter of 1887-88, between summit of Rockies and Donald, which is correct, with the exception of the item of 857⅛ cords wood, stated to be cut on the company's right of way, between the points above named, for which you have not included the ordinary dues, 25 cents per cord, $214.28. I may state, that timber of all kinds, for construction of the Canadian Pacific Railway main line, was exempt from crown dues, even to the timber now being used for construction of snow sheds, so long as it was cut on vacant Dominion lands, but all other timber has paid dues, from summit of Rockies to the coast, no matter for what purpose used.

I trust after this explanation you will order an additional voucher to be made out, covering these $214.28 already alluded to.

Very truly yours,
T. S. HIGGINSON, *Dominion Crown Timber Agent.*

Kindly return it with your remarks and suggestions, as early as possible, as it is desired to issue the leases before the opening of the season.

SIR,—I have the honor to acknowledge the receipt of your letter dated the 29th ultimo, reference No. 131404, containing copy of a letter addressed to the solicitor of the Canadian Pacific Railway respecting ground for hotel purposes.

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SOLICITOR, MONTREAL, 28th March, 1888.

SIR,—In answer to your letter of the 13th instant concerning the form of lease for lots within the Rocky Mountains Park, I have the honor to say that I see nothing objectionable in the form which you send me, and I have no change to suggest.

I assume that this would not apply to our parcel of 160 acres, but only to the hotel grounds, and as to them, that the clause against sub-letting will be varied so as to permit such sub-letting or hiring as may be expedient for the purposes of our undertaking.

I have the honor to be, sir, your obedient servant,
GEO. M. CLARK.

A. M. BURGESS, Esq., Deputy of the Minister of the Interior, Ottawa.

ROCKY MOUNTAINS PARK OF CANADA, LAND OFFICE, 9th June, 1888.

SIR,—Referring to the land to be leased to the Canadian Pacific Railway for hotel purposes I am directed by the secretary to send herewith two blank forms of lease.

I have the honor to be, sir, your obedient servant,
E. A. NASH, *Dominion Lands Agent.*

JOHN R. HALL, Secretary of the Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 1st August, 1888.

SIR,—I have the honor to transmit herewith a copy of the form of lease which it is proposed to issue in favor of the Canadian Pacific Railway Company for the lands, within the Rocky Mountains Park, which are required by the company for hotel purposes.

The form in question has been approved by the Department of Justice as the form which should be used for the leasing of lands within the said park, and a copy thereof is now transmitted to you so that the solicitor of the company may note how he wishes to vary it in so far as the lease for the hotel grounds is concerned. In a letter which was received here from Mr. Clark on the 31st March last he states, after advising the department, that he sees nothing objectionable in the form in question and that he has no change to suggest, that he assumes that such form would not apply to the company's parcel of 160 acres within the park, but only to the hotel grounds, and that as to them the clause in the form against subletting will be varied so as to permit such sub-letting or hiring as may be expedient for the purposes of the undertaking.

Some days ago a letter was addressed to you with regard to the issue to the company of a lease for the lands which they require at Banff for station grounds, and consequently nothing further in regard to that lease need be stated in this communication.

As, however, it is the wish of the department to complete leases for all lands within the park which have been entered for up to date, with as little further delay as possible, and as it is clear from Mr. Clark's letter that a lease to the company of the hotel grounds strictly in accordance with the enclosed form would not be satisfactory to the company, it has been decided to find out, before preparing such lease, what changes are expected to be made in the form, and then, if satisfactory, to complete the lease.

I have the honor to be, sir, your obedient servant,
LYNDWODE PEREIRA, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

I am further directed to point out that the form of notification is to be used for con-

I notice that an Order in Council of 19th March, 1887, recites that the Minister of Marine had represented that patents for lands in Manitoba and the North-West should thereafter contain such a reservation, but his reason for that view is not mentioned.

These drafts as amended in red ink are therefore approved of and may be used until further notice, upon the understanding however, that at any time hereafter either the Crown or the company shall be entitled to such further change or amendment as may be reasonably devised or as the rights of either party shall require.

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 20th October, 1888.

SIR,—I am directed to return herewith the twenty-five patents ennumerated in the list that accompanied your letter of the 8th instant, also another patent in the name of Robert Arnott, for the north-west quarter of Section 3, Township 8, Range 19, west of the 1st Meridian, making 26 patents in all, which are enclosed herewith; and to inform you that the department can take no action in the direction of complying with your request to expunge the "fishery clause" from the enclosed patents or from any other patents containing such clause which have, up to this date, issued for the company's lands and which now number between four and five hundred, as there is no provision in the law to warrant this change being made. I am also directed to state that the department has been advised that the Government will not insist upon the reservation of this right in the issue of future patents to the company for lands forming part of their land subsidy, and that a new form of patent, which will not contain the clause in question and which is intended for use in patenting the company's lands, is now therefore being prepared.

I am, sir, your obedient servant,
H. KINLOCH, *for the Assistant Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

THE CANADIAN PACIFIC RAILWAY COMPANY.
OFFICE OF THE SECRETARY, MONTREAL, 31st October, 1888.

SIR,—I have the honor to acknowledge the receipt of your letter of the 20th instant, enclosing patents as therein mentioned.

I note your statement that the department can take no action in the direction of complying with the request of this company to expunge the fishery clause from the said patents, or from any other patents heretofore issued containing such clause, but that the Government will not insist upon the reservation of this so-called right in the issue of future patents.

Whilst we cannot accept the patents in question as sufficient—the company nevertheless desires not to ask the Government to take any unnecessary action in regard to them, and is willing for the present to leave this matter in abeyance: But I am directed to state that should any of the vendees who have received patents require the company to provide them with a title free from the reservation which has been inadvertently inserted in the said patents, we shall be obliged to ask the Government to execute such additional release as will accomplish the object—or to cancel the old patents and issue new ones in an unobjectionable shape, whichever course the Government may find most convenient.

I have the honor to be, sir, your obedient servant,
C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 6th November, 1888.

SIR,—I am directed to inform you that the statement contained in your letter of the 31st ultimo, that should any of the vendees from the Canadian Pacific Railway Company of lands, the patents for which contain the "fishery clause," require the company to free the title to such lands, respectively, from that reservation, the company will be obliged to ask the Government either to execute such additional release as will accomplish the object, or to cancel the old patent and issue a new one which will not contain the clause in question, has been duly noted.

REPORT *of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 8th April,* 1889.

The Committee of the Privy Council recommend that the Right Honorable Sir John Macdonald, acting Minister of Railways and Canals for Canada, be authorized to sign on behalf of the Dominion Government the annexed agreement with the Canadian Pacific Railway Company for the performance of a railway service in the Province of New Brunswick as set forth in the said agreement, which is submitted herewith for approval.

JOHN J. McGEE, *Clerk Privy Council.*

This Indenture made the 5th day of April, in the year of our Lord one thousand eight hundred and eighty-nine, between Her Majesty the Queen, represented for the purposes hereof by the Right Honorable Sir John Alexander Macdonald, acting Minister of Railways and Canals for Canada, hereinafter called "the Government" of the one part, and the Canadian Pacific Railway Company, represented for the purposes hereof by William C. Van Horne, Esquire, its president, hereinafter called

"the lessees" of the other part, subject to confirmation by the Parliament of Canada and by the shareholders of the said company;

Witnesseth that the Government hereby covenants and agrees to acquire the lands for right of way and other lands necessary for the railway and appurtenances hereinafter mentioned, and to construct thereon and complete a railway fit for fast freight and passenger service and ready for operation between a point of junction on the New Brunswick Railway at or near Harvey, in the Province of New Brunswick, and a point of junction with the Intercolonial Railway at or near Salisbury, in the said Province, or somewhere between Salisbury and Moncton (which last named point is hereinafter referred to as Salisbury) such railway to be according to the specification and description attached to the contract dated the fourteenth day of December, one thousand eight hundred and eighty-five and made between the Government and the International Railway Company respecting the line of railway (known as "The Short Line") between the south bank of the St. Lawrence River and Moncton, a copy of which specification and description is hereto annexed as schedule "B," except that the rails shall be of the same weight and pattern and with splices the same as those on the section of the said Short Line already built next west of Mattawamkeag, together with all necessary fences, sidings, bridges, culverts, stations, tanks, turn tables or Y's, cattle guards, platforms and semaphores, snow fences and all such structures, works and buildings and other properties and appurtenances as may be necessary to meet the requirements of the traffic on the railway so to be constructed as aforesaid, and for this purpose the line of the Intercolonial Railway between Moncton and Truro inclusive may be taken as a standard, except the rolling stock, tools and furniture and such other movables as are properly portion of the equipment and which the lessees are themselves to provide as hereinafter mentioned; the whole of the railway and appurtenances to be so completed by the Government being hereinafter referred to as "the railway."

The location of the railway and of the stations along the same to be as shall be agreed upon by the parties hereto, or if they differ as to any portion or portions thereof then as to such portion or portions, the location shall be as may from time to time be directed by the award or awards of such person as the parties may agree upon to act as arbitrator between them for the purpose of determining such difference, or if they fail to agree then by the award of some eminent railway engineer whom the Chief Justice of the Supreme Court of Canada for the time being shall appoint for that purpose; it being understood that the railway shall be as short as the physical features of the country will admit of, and consistently with the said specifications. And it is hereby further declared and agreed that the location of the railway, or of any portion thereof, or of the station grounds, or any of them, shall be taken as conclusively agreed to by the lessees as soon as the plan thereof to be filed for approval by the Governor in Council shall be certified and signed by the lessees' president or such other officer as the lessees may appoint for that purpose.

The Government further covenants and agrees with the lessees and their successors that as soon as the railway shall be completed and ready to meet the requirements of the traffic as aforesaid, the Government will by a proper and sufficient instrument, demise and lease the same to the lessees and their successors in perpetuity; and with it shall also demise and lease to the lessees in perpetuity running powers over the Intercolonial Railway between Salisbury and Moncton, subject to the usual regulations as to priority of trains of similar classes in favor of the owner of the line used in common; the lessees, by the same instrument, hiring and renting the railway and the said running powers in perpetuity, and covenanting to pay therefor by way of rent for the first twenty years of the term, one dollar a year and thereafter seventy-three thousand four hundred dollars a year, payable in equal half yearly payments, together with all provincial and municipal taxes and all such other impositions and charges as the lessees would be liable to pay if they were the owners instead of the lessees of the railway, and covenanting also by way of rent to contribute to the actual and necessary cost of the repairs, maintenance and care of the said line between Salisbury and Moncton in the proportion which the amount of use

thereof by the lessees and their successors calculated by wheelage, shall bear to the amount of use thereof by the Government or its assigns calculated in like manner.

The Government also covenants and agrees that at the time of the execution of the said lease it will by a proper and sufficient instrument also demise and lease or cause to be demised and leased to the lessees in perpetuity, the use of the present railway bridge or some other efficient bridge at Fredericton, such use to be sufficient for all the railway purposes of the lessees, the lessees by the same instrument hiring and renting the same in perpetuity and agreeing to contribute by way of rent therefor from time to time as and when demanded the same proportion of the whole of the actual and necessary cost of the repairs, maintenance and care of such bridge as the use thereof by the lessees shall bear to the whole use thereof by the lessees and all other parties who may use the same.

And the Government hereby further undertakes and agrees that in the said lease the Government shall covenant and agree as to the interchange of traffic with the Intercolonial and other matters as is stated in the Schedule A hereto annexed.

And the lessees for themselves and their successors hereby covenant and agree that they will hire and rent the railway, the running powers over the said line between Salisbury and Moncton and the said use of the said bridge on the terms above mentioned, and will execute the said lease containing covenants to that effect; and that immediately after the execution of the said lease by the Government and after the tender of possession of the railway to the lessees, it having been completed as aforesaid, they the lessees shall and will well and sufficiently equip and furnish the railway in such manner as may be required for the traffic thereon: and shall and will thenceforward for ever well and efficiently maintain, repair and operate the railway and will execute a covenant to this effect as part of the said lease so to be executed as aforesaid.

Provided always, and it is hereby agreed by the parties hereto, that if any dispute or disputes shall at any time or times arise between the said parties concerning the sufficiency of the construction and completion of the railway by the Government or the sufficiency of its equipment, maintenance, repair or operation by the company or the proportion to be borne by the company of the cost of the repairs, maintenance and care of the said bridge or of the said line between Salisbury and Moncton or the fulfilment of any of the terms of this agreement or of the said lease after it shall be executed, then as often as any such dispute shall occur it shall be determined by the award of an arbitrator to be appointed by agreement of the parties or in default thereof by the Chief Justice for the time being of the Supreme Court of Canada, and that a clause to this effect shall also be inserted in the said lease.

And further that the said lease shall contain on each side every such other covenant, proviso and condition as is usually inserted in leases of railways in perpetuity, in so far as it is not inconsistent with the intention of what is above written, amongst others a proviso for forfeiture of the term of non-payment of rent for a specified period, and a covenant against assignment of the leasehold without the written consent of the Government.

JOHN A. MACDONALD.

SCHEDULE "A" REFERRED TO IN THE ANNEXED AGREEMENT.

For the purpose of giving the Canadian Pacific Railway a direct and efficient and freely workable connection with the Maritime Provinces, it is agreed as follows:—

The Intercolonial Railway shall carry freight and passengers from and to points on the Intercolonial Railway east of Moncton and destined to or coming from points

on any line operated by the lessees, which freight and passengers are hereinafter referred to as Canadian Pacific traffic, without discrimination or preference, either as to handling, rates, or otherwise.

Passengers shall be carried on the lines of both parties or through tickets and freight on through bills so as to avoid re-ticketting or re-billing at Moncton, and settlements between the parties shall be made monthly in the usual way.

On all freight traffic (except coal and iron produced on the Intercolonial Railway east of Moncton) carried between points west of the State of Maine and Intercolonial Railway points east of Moncton, either way, the Intercolonial Railway shall be entitled to Halifax divisions of rates, which divisions shall be based on a constructive distance equal to the distance from Moncton to Halifax plus fifteen (15 p. c.) per cent., and on such constructive distance and the actual distance carried by the lessees the through rate shall be *pro rated :* Provided that in no case shall the Intercolonial Railway be entitled to a proportion of the through rate exceeding its local tariff rate for the time being for the portion of the line over which such freight shall be carried.

On all freight traffic between points on lines operated by the lessees east of the western boundary of the State of Maine and Intercolonial points east of Moncton, either way, the through rate shall be *pro rated* on the actual mileage, provided that in respect of intermediate local points on the Intercolonial Railway the Intercolonial Railway shall be entitled to its proportion for the next junction or terminal point eastward, viz. :—Springhill, Truro, Halifax or Pictou, as the case may be : and provided further that freight to and from local points on any line operated by the lessees east of Fredericton from and to Intercolonial Railway points east of Moncton, either way, each party shall be entitled to its local tariff rates unless otherwise arranged from time to time.

The rates on passenger traffic interchanged between the parties, shall in respect of Halifax, Pictou and New Glasgow, be divided on a *pro rata* mileage basis, and in respect of passengers to and from intermediate local points the Intercolonial Railway shall be entitled to its local rates : Provided that should the Government make any concessions in local rates or round trip or excursion rates in favor of any line in competition with the lessees, then the lessees shall be notified thereof, and shall be granted corresponding concessions.

The lessees shall have the right to maintain freight and passenger agents at such points on the Intercolonial Railway as they may elect, and to sell tickets and make through rates for passenger and freight either way over the lines of the Intercolonial Railway east of Moncton, to or from points on their own lines of railway ; provided that the Government shall not be required to accept as its proportion of the through rates so made, any less than its proportion east of Moncton of rates made or authorized by the Government for the Intercolonial Railway for similar traffic at the same time between the same points in connection with any other line ; provided further that the lessees shall have due notice of such rates.

The Government shall join the lessees in providing the necessary passenger, baggage, mail, express, sleeping and dining cars for the through passenger trains between Montreal and Halifax, each party contributing to such equipment as nearly as practicable in proportion to the railway mileage of the respective parties in the line between the points named : provided that if at any time or times the cars furnished by the Intercolonial Railway shall be unsatisfactory to the lessees, then the lessees may, until the Government shall provide satisfactory cars, furnish their own cars, but shall receive for the use thereof when on the line of the Intercolonial Railway, one-third less than the current rate for such cars on eastern railway lines. Sleeping, parlor and dining cars to be reckoned as ordinary passenger cars.

The cars on said passenger trains shall run through between Halifax and Montreal, and the cars of either party, while on the railway of the other, shall be properly oiled and cared for as is customary in such cases.

The Government shall join the lessees in establishing a through passenger train service *via* Moncton to Halifax, and the time schedule thereof shall be so arranged

as to meet the reasonable requirements of the lessees, and in case of dispute, the matter shall be determined by the Governor in Council; and the time of such trains between Moncton and Halifax, either way, shall be at least as quick as that of any other regular express or mail trains, running on the same section of the Intercolonial Railway, and the Government shall afford to the lessees the same advantages in the way of special mail trains, that it may afford to any other line.

If the Government shall so elect, it may furnish such proportion of freight cars for freight traffic interchanged as will equalize the charges for freight car service between the parties.

Any further details which may become necessary to be fixed, regarding the matters above dealt with in this schedule "A," shall be fixed in accordance with the principles embodied in the above particulars.

ROBERT SEDGEWICK.
